About the FICMST

DESIDOC provides anticipatory services to its users. It brings out a range of services and products to keep its users updated. DESIDOC has started a monthly service names Forthcoming International Conferences on Military Science & Technology (FICMST) which covers upcoming conferences, seminars, workshops, events, exhibitions on the topics like Aeronautics, Armaments, Combat Vehicles, Computer Science, Electronics, Information Science, Life Science, Management, Materials Science, Military Science, Missiles, Naval Science and other topics related to DRDO. The service also covers the forthcoming S&T Awards & Fellowships.

- To inform the DRDO scientists about the forthcoming events, both national and international, in defence related areas.
- To help the scientists, particularly those who are involved in decision making, to keep them abreast and update with the latest and current advancements in their respective areas of specialisation.
- The information is collected and compiled from defence related journals being subscribed in Defence Science Library (DSL), DESIDOC and from the Internet. Contact addresses and websites are also provided to help interested scientists to contribute papers.

Collective Intelligence 2014

Date: 10-12 June 2014

Location: Massachusetts Institute of Technology, US

Topics:

- Human computation
- Social computing crowdsource
- Wisdom of crowds
- Group and extended cognition
- Collective decision making and problem-solving
- Participatory and deliberative democracy
- Animal collective behavior
- Organizational design
- Public policy design
- Ethics of collective intelligence
- Computational models of group search and optimization
- Emergence and evolution of intelligence
- New technologies for making groups smarter

Joint Telematics Group/IEEE Information Theory Society Summer School 2014 in Signal Processing, Telecommunication, and Networking

Date: 16-19 June 2014

Location: IIT, Madras

Topics:

- Statistical physics methods in coding and information theory
- The middle path to understand complex systems: a mesoscopic perspective on network dynamics

EVOLVE 2014

Date: 1-4 July 2014

Location: Beijing, China

Topics

- Probability and statistics
- Sequential monte carlo methods, mean field particle models, self interacting processes, reinforcement models
- Statistics and machine learning
- Bayesian inference,
- Calibration and uncertainty propagations in numerical codes,
- Nonlinear filtering, multiple object tracking models.
- Set oriented numerics and natural computing
- Multicriteria optimization
- Genetic algorithms
- Landscape theory
- Natural computing
- Evolutionary algorithms
- Robust design, computational vision
- Estimation of distribution algorithms

Bangkok International Conference on Computer Science 2014

Date: 9-11 July 2014

Location: Bangkok, Thailand

Topics:

- Merging technologies
- Global networks
- Information economics and management
- Information systems technology
- Information Technology Management
- Integrated marketing communications
- Intercultural communication
- International and global communication
- Internet technology IT and innovation management
- Information systems
- Mass communication in culture and society
- Mass communication in politics
- Media regulation and policy

2nd International Conference on Control, Robotics and Cybernetics

Date: 8-10 August 2014

Location: Singapore

Topics:

- Neural networks control
- Fuzzy logic control
- Genetic algorithms & evolutionary Control
- Model-predictive control
- Adaptive and optimal control
- Intelligent control systems
- Robotics and automation
- Fault diagnosis
- Intelligent agents
- Industrial automations

RuleML 2014-8th International Web Rule Symposium

Date: 18-20 August 2014

Location: Prague, Czech Republic-

Topics:

- Rules and the Web
- Rule discovery from data
- Fuzzy rules and uncertainty
- Logic programming and non-monotonic reasoning
- Non-classical logic and the web
- Hybrid methods for combining rules and statistical machine learning techniques
- Rule transformation, extraction, and learning
- Vocabularies, ontologies, and business rules
- Rule markup languages and rule interchange formats
- Rule-based distributed/multi-agent systems
- Rules, agents, and norms
- Rule-based communication

- Rule-based data integration
- Vocabularies and ontologies for pragmatic primitives
- Pragmatic web reasoning and distributed rule inference/rule execution
- Standards activities related to rules

2nd International Conference on Data Science and Engineering (ICDSE 2014)

Date: 26-28 August 2014

Location: Kochi, India

Topics:

- Algorithms for large data sets
- Business intelligence
- Cluster, cloud computing and grid computing
- Crowd sourcing
- Computational biology
- Data-centric programming
- Information network analysis
- Domain specific data management
- Knowledge engineering
- Data, text, and web mining
- Statistical computing

- Web engineering
- Infoscience and computational informatics

7th International Conference on Data Management in Cloud, Grid and P2P Systems (Globe 2014)

Date: 2-3 September 2014

Location: Munich, Germany

Topics

- Data storage and management
- Data integration and metadata management
- Data stream systems
- Distributed query languages
- Dynamic data placement issues
- Flexible and adaptive query Processing
- Support for scalable and elastic services
- Query processing and optimization
- Data warehousing
- Cost models
- Big data science and foundation
- Big data infrastructure
- Big data analytics
- Pricing models
- Resource discovery
- Dynamic resource management, reservation
- Locating data sources/resources and scalability

- Web Services
- Workload adaptability in heterogeneous environments
- Transaction management

International Conference on Artificial Intelligence and Computer Science

Date: 15-16 September 2014

Location: Indonesia

Topics:

- Expert systems
- Decision support systems
- Automated problem solving
- Knowledge discovery
- Knowledge representation
- Knowledge acquisition
- Problem solving techniques
- Knowledge networks and management
- Intelligent information systems
- Intelligent web-based business Intelligent agents
- Intelligent networks
- Reasoning strategies
- Distributed AI algorithms
- Distributed AI systems and architectures
- Neural networks
- Heuristic searching methods
- Constraint-based reasoning
- Swarm Optimisation

Third International Conference on Informatics & Applications (ICIA2014)

Date: 6-8 October 2014

Location: Malaysia

Topics:

- Cloud computing
- Computational intelligence
- Computer crime prevention
- Computer forensics
- Computer security
- Critical computing and storage
- Cryptography and data protection
- Data compression
- Data management in mobile
- Peer-to-peer networks
Data mining
- Data stream processing in mobile/sensor networks
- Distributed and parallel applications
- E-government
- E-learning
- E-technology
- Embedded systems and software
- Forensics, recognition technologies and applications
- Fuzzy and neural network systems
- Green computing
- Grid computing
- Network security

3rd International Conference on Nutrition and Food Sciences (IC-NFS 2014)

Date: 18-20 June 2014

Location: Denmark

Topics:

- Food Biotechnology
- Food engineering education
- Food microstructure development and characterization
- Food properties including thermal, chemical and mechanical
- Antioxidants and photochemical
- Carbohydrates
- Macronutrients, micronutrients
- Minerals and trace elements
- Protein, amino acids and nitrogenous compounds
- Proximate composition
- Diet studies
- Growth and development

Contact Information

Trends in Natural Products Research

Date: 23-25 June 2014

Location: Czech Republic

Topics:

- Natural products chemistry
- Cultivation, breeding and processing of plants
- Biotechnology and molecular biology
- Molecular pharmacology and pharmacognosy
- Drug discovery and development

Contact Information

<http://www.tnpr2014.com/>

3rd International Conference on Biotechnology and Food Engineering (ICBFE 2014)

Date: 4-5 July 2014

Location: Nottingham, UK

Topics:

- Food engineering
- Nanomaterials
- Particle technology
- Advanced materials processing
- Biochemical engineering
- Biotechnology
- Product engineering in the bio-industries
- Self-organisation in the bio-sciences and elsewhere
- Delivery of the final product
- Improvement of environmental remediation processes
- Energy and environment
- Milk product processing
- Agricultural biotechnology
- Animal biotechnology
- Bioremediation of polluted sites
- Biosensors and molecular diagnostics
- Cell and tissue engineering

International Conference on Biological, Environment and Food Engineering

Date: 4-5 August 2014

Location: Bali, Indonesia

Topics:

- Chemical engineering
- Ecology
- Biology
- Agricultural engineering
- Food engineering
- Transport engineering
- Civil engineering
- Pharmanceutical sciences
- Medical sciences

The 2014 Asian Conference on the Life Sciences

Date: 27-29 August 2014

Location: Japan

Topics:

- Developmental biology
- Ecology
- Environmental science
- Evolutionary biology
- Forestry
- Genetics
- Health sciences
- Immunology
- Kinesiology
- Marine biology
- Molecular biology
- Neuroscience
- Nutrition science
- Oncology

3rd European Conference on Mental Health

Date: 10-12 September 2014

Location: Tallinn (Estonia)

Topics:

- Evidence based mental health care
- Brains and mental health
- The art and science of psychotherapy
- e-Mental health and self-help
- Mental health legislation
- Human rights
- Challenging situations in psychiatric care
- Mental health services and policies
- Service user involvement
- Philosophical themes in mental health
- Mental health across the life span
- Substance abuse problems
- Recovery psychiatry
- Child and adolescent psychiatry
- Mental health education and training

27th Annual Cape Cod Symposium on Addictive Disorders

Date: 11-14 September 2014

Location: Hyannis, USA

Topics:

- Psychologists
- Mental health
- Trauma
- Recovery advocates

Contact Information

5th International Conference on Manufacturing Science and Technology

Date: 7-8 June 2014

Venue: Malaysia

Topics:

- Nanomaterials and nanomanufacturing
- Manufacturing process planning and scheduling
- Modeling, analysis, and simulation of manufacturing processes
- Computer-aided design, manufacturing, and engineering
- Semiconductor materials manufacturing
- Laser based manufacturing

Contact Information

<http://www.icmst.org/index.html>

2nd Asia Conference on Mechanical and Materials Engineering

Date: 28-29 July 2014

Location: Taipei, Taiwan

Topics:

- Biomechanics
- Composite materials
- Computational fluid dynamics
- Computer aided engineering
- Concurrent engineering
- Condition monitoring
- Design and manufacturing
- Energy and thermofluids
- Energy conversion system
- Energy management
- Finite element analysis
- Fluid dynamics
- Fuels and combustion
- Green manufacturing
- Heat and mass transfer
- Heat exchangers

- Heat transfer
- Industrial engineering
- Industrial tribology
- Instrumentation and control

International Conference on Mechatronics, Materials and Manufacturing

Date: 2-4 August 2014

Venue: Chengdu, Republic of China

Topics:

- Biomechanics
- Composite materials
- Computational fluid dynamics
- Computer aided design
- Concurrent engineering
- Condition monitoring
- Design and manufacturing
- Energy and thermofluids
- Energy conversion system
- Energy management
- Finite element analysis
- Fluid dynamics
- Fuels and combustion
- Green manufacturing
- Heat and mass transfer
- Heat exchangers

International Conference on Nano Science and Nano Technology

Date: 12-13 August 2014

Venue: Colombo

Topics:

- Nanoelectronics
- Health, safety and public health
- Energy and environment
- Nanoscience and society
- Nanomedicine /biomedical applications
- Nanophotonics,
- Nano in textile, agriculture and food science

NANOCON 2014

Date: 14-15 October 2014

Venue: Pune, India

Topics:

- Synthesis & characterization of nanostructured materials
- Smart-nano materials
- Nanoelectronics
- Nanobiotechnology
- Nanotechnology based products

International Conference on Electrical, Electronics and Computer Engineering (IRAJ-ICEECE-2014)

Date: 06 July 2014

Venue: New Delhi

Topics:

- Distributed and parallel computing
- Programming languages
- Artificial intelligence and machine learning
- E-systems and computer systems
- Analog and mixed-signal IC design and testing
- RF IC design and testing
- Digital IC design and testing
- Technology CAD
- Ge microelectronics
- Integrated circuits manufacturing and Reliability
- MEMS and microsystems
- Solar cells and photonics
- Wireless communication and sensor networks
- Optical communication

International Conference on Challenges in IT, Engineering and Technology

Date: 17-18 July 2014

Venue: Thailand

Topics:

- Computer science engineering
- Electrical engineering
- Information technology

- Electronics engineering
- Instrumentation engineering
- Architectural engineering
- Civil engineering
- Chemical engineering
- Aeronautical engineering
- Bio-medical engineering
- Environmental engineering
- Nano-technology
- Genetic engineering

16th Conference on Power Electronics and Applications

Date: 26-28 August 2014

Venue: Thailand

Topics:

- Devices, packaging and system integration
- Power converters topologies
- Measurement and control
- Power electronics applications
- Renewable energy system
- Grids & smart grids
- Power supplies
- e-mobility
- Industry specific energy conversion and conditioning technologies

- Education in engineering

International Conference on Recent Advances in Engineering Sciences 2014

Date: 4-5 September 2014

Venue: Bengaluru, India

Topics:

- Decision science/operations research
- Supply chain and logistics management
- Human factors and ergonomics
- Manufacturing and production systems
- Quality engineering
- Simulation modeling and analysis

Contact Information

23rd International Conference on Systems Engineering

Date: 19-21 August 2014

Venue: Las Vegas, USA

Topics:

- Analog and digital hardware
- Biometrics system
- Bio-surveillance systems

- Photonics and lighting systems
- System engineering standards, modeling, paradigms, metrics, testing, management, optimization, simulation, scheduling, reliability and fault tolerant
- Computer assisted medical diagnostic systems

4th International Conference on Information and Electronics Engineering

Date: 20-21 October 2014

Venue: Malaysia

Topics:

- Electronics and communications engineering
- Microwave engineering
- Applied electronics
- Coding and signal processing
- Information and communication engineering

Contact Information

4th International Conference on Mobile, Adaptable and Rapidly Assembled Structures

Date: 11-13 June 2014

Location: Ostend, Belgium

Topics:

- Disaster mitigation structures
- Temporary structures and dwellings
- Deployable systems and structural mechanisms
- Tensegrity and reciprocal frames
- Origami-based structures
- Inflated and air-supported structures and membrane shelters
- Rapidly assembled kit-of-parts systems
- Leisure structures, demountable grandstands and scaffolding systems
- Mobile inspection platforms
- Folding and telescopic masts and gangways
- Tower cranes and mobile lifting apparatus
- Trackways and prefabricated paving for roads and airfields
- Protective structures
- Rapid repairs of structures
- Structures in adverse conditions
- Spacecraft structures
- Construction and repair

3rd International Conference on Cross-Cultural Decision Making

Date: 19-24 July 2014

Location: Poland

Topics:

- Civilization change
- Commercial research and application of social-cultural sci
- Cross cultural decision making in the comprehensive approach
- Cross cultural decision making
- Countering cross cultural radicalization and violent extremism
- Extracting understanding from diverse data sources
- Interfacing, verifying & validating hybrid multi-model systems
- Impact of culture on collaboration and negotiation
- Measurement of effectiveness and decision making
- Operational use and requirements
- Sense making in other cultures: dynamics of interaction
- Social networks/social media
- Tactical culture training

International Symposium on Biometric and Security Technologies

Date: 26-27 August 2014

Location: Malaysia

Topics:

- Cyber security
- Digital forensic

- Fault tolerance
- Cryptography
- Web filtering
- Grid computing
- Authentication
- Security protocols
- Multimedia security
- Network security
- Cloud computing security
- Security & privacy in information systems
- Innovations in security technologies
- Security management and governance

2nd International Conference on Defence Sites Heritage and Future

Date: 17-19 September 2014

Location: Venice, Italy

Topics:

- Military heritage history
- Castles and fortresses
- Fortified cities
- Case studies
- Transition from military to civilian life
- Community involvement
- Economic analysis
- Risk assessment
- Simulation and modelling
- Funding and legal requirements

- Defence tourism

SPIE Security + Defence 2014

Date: 22-25 September 2014

Location: Amsterdam

Topics:

- Electro-optical sensing
- Infrared systems
- Optical materials and technologies
- Sensors and networks
- Millimetre wave and Terahertz sensors
- Biomaterials in security and defence
- Counterterrorism, crime fighting and defence
- High-power lasers
- Emerging technologies
- Modelling and simulation

SPIE Astronomical Telescopes + Instrumentation 2014

Date: 22-27 June 2014

Venue: Canada

Topics:

- Space telescopes and instrumentation 2014: optical, infrared, and millimeter wave
- Space telescopes and instrumentation 2014: ultraviolet to gamma Ray
- Ground-based and airborne telescopes
- Optical and infrared interferometry
- Ground-based and airborne instrumentation
- Adaptive optics systems
- Observatory operations: strategies, processes, and systems
- Modeling, systems engineering, and project management
- Software and cyberinfrastructure
- Millimeter, submillimeter, and far-infrared detectors and instrumentation

International Conference on Advances in Mechanical, Aeronautical and Production Techniques

Date: 02-03 August 2014

Venue: Malaysia

Topics:

- Automation, mechatronics and robotics

- Automotive systems
- Ballistics
- Bioengineering and biomedical engineering
- Biomechanics
- Composite and smart materials
- Compressible flows
- Computational mechanics
- Computational techniques
- Controls, design
- Nonlinear dynamics
- Optical engineering
- Plasticity mechanics

International Conference on Aeronautic Astronautics

Date: 22-23 August 2014

Venue: Dubai, UAE

Topics:

- Aeronautics and astronautics
- Advances in aeronautics and astronautics
- Aeroacoustics
- Aerospace defense systems
- Aerospace materials
- Aerospace propulsion systems
- Aerospace structures
- Affordable launch systems and developing countries
- Applied aerodynamics
- Avionics engineering
- Communication systems and technologies
- Computational fluids dynamics

Contact Information

IEEE Autotest 2014

Date: 15-18 September 2014

Venue: St. Louis, Missouri

Topics:

- Artificial intelligence in test
- ATS/TPS management
- Closed-loop diagnostics
- Commercialization of military maintenance
- Condition-based maintenance
- Data acquisition, diagnostic maturation
- Design-for-test
- Diagnostic strategies
- Fault tolerant systems
- Future logistics approaches
- Information frameworks
- Interoperable test systems
- Maintenance architectures
- Measurement science and uncertainty
- MEMS technology, next generation test systems
- Prognostics and health management
- Remote diagnostics
- Safety issues, sensor technology
- Synthetic instruments, test generation
- Test requirements, test standards
- TPS transportability, vehicle health management.

ESAV-14

Date: 15-16 September 2014

Venue: Rome

Topics:

- Wide area multilateration
- MLAT at airports
- Technologies and subsystems, Air and ground vehicle equipment
- Radio field and spectrum aspects, environmental aspects
- Implementation and operational results of MLAT/WAM/ADS-B; implementation plans
- Global navigation satellite systems (GNSS) applications to the air traffic services
- Safety issues, solutions and standards
- Testing and field analysis, integrity monitoring, simulations and siting issues
- Noise radar, MIMO radar
- Signal and data processing

Contact Information

ICTTE Belgrade 2014

Date: 27-28 November 2014

Venue: Belgrade, Serbia

Topics:

- Air traffic and transport
- Road traffic and transport
- Rail traffic and transport
- Inland waterways traffic and transport research
- Maritime transport and ports
- Postal traffic and networks
- Sustainable transport

FELLOWSHIPS

SERC VISITING FELLOWSHIP

Department of Science & Technology, through the Science and Engineering Research Council (SERC) promotes research in newly emerging and front line areas of science and engineering. The SERC has identified challenging/thrust areas in various disciplines of Life, Chemical, Physical Engineering, Mathematical and Earth & Atmospheric Sciences. Scientists and technologists even though engaged in research for a long time need to be exposed to further developments and training in well established national research laboratories and academic institutions in the country. At present, adequate opportunities of this nature which are time bound with specific purpose are not available to the scientists. SERC, has, therefore, introduced a scheme called "SERC Visiting Fellowships".

These fellowships are expected to provide opportunities for the scientists/technologists to conduct advanced research or undergo specialized training through interaction with the leading experts in the well established research institutions within the county. These fellowships are awarded on an annual basis and application should reach before 31st of October, every year.

Eligibility

- The applicant should possess Masters degree in Engineering/Technology or M.D. in Medicine or a Ph.D. in Science.
- The candidate should be a scientist/technologist and hold regular position in recognized science and technology institution/Colleges/University and should be actively engaged in research work in newly emerging and front line areas.
- The candidate should be less than 50 years.

Sponsorship

- Candidate must be officially sponsored i.e. application should be formally forwarded by their employers/Head of the institutions with the commitment to depute them for training/research under "SERC Visiting Fellowship Scheme".
- Nomination from the heads of selected national institutions and eminent scientists/experts would also be entertained.

Candidate may submit their application typed on A4 size plain paper (10 copies) with one set of enclosure.

FAST TRACK SCHEME FOR YOUNG SCIENTISTS

The Department of Science and Technology, through Fast Track Scheme for Young Scientists, provides quick research funding to young scientists below the age of 35 years (relaxable by 5 years in the case of SC/ST/OBC, woman and physically handicapped category) to undertake independent research in newly emerging and frontier areas of science and engineering. The details of the scheme are as follows:-

Objectives

- To provide quick research support to young scientists for pursuing exciting and innovative research ideas.
- To provide opportunities for interaction and exchange of ideas with scientific community.
- To involve young scientists in national S&T development process.

Eligibility

1. The applicant should possess any of the following degrees:-

- Ph.D in Basic Science (Life Science, Physical Science, Chemical Science, Earth & Atmospheric

Science, Mathematical Science), Engineering/Technology, Medicine/Surgery, Pharmacy, Veterinary Science, Agricultural Science or equivalent.

- Masters degree in Engineering/Technology, Medicine/Surgery, Pharmacy, Veterinary, Agriculture or equivalent.

2. The candidate should be less than 35 years on the date on which the application is received in DST. However age relaxation of 5 years would be given to scientists belonging to SC/ST/OBC, Women and Physically Handicapped category.

Funding

- The funding is provided up to a maximum of ₹ 17.00 lakhs (excluding overhead charges) for a period not exceeding three years. If the proposed objectives can be achieved in less than three years, the budget may be reduced accordingly.

- Funds are provided for equipments, consumables, travel and contingency. Additionally, the applicant if not holding a regular position or not drawing any other fellowship/stipend/salary, can draw a fellowship amount of ₹ 20,000/- per month (all inclusive). The fellowship amount is taxable. In cases, where the applicant is holding a regular position, he/she can seek a manpower at junior level (JRF, Project Assistant, etc.)

- Overhead Charges @ 20% of the project cost will be provided to the implementing institution over and above the project cost.

General Guidelines for Submission

- The applicant should fulfill the eligibility criteria (education & age) as given under Eligibility

- The funding is upto a maximum of ₹ 23.00 lakhs (excluding overheads) for a period not exceeding three years.

- All care must be taken to write a good scientific proposal. The proposal should contain significant novelty and should lead to enrichment of scientific knowledge in the field. Routine extension of Ph.D or any other work will be discouraged. The candidates who are unemployed and drawing fellowship from the project are encouraged to choose the place of work different from the place where they have completed their Ph.D or other degree obtained in the immediate past.

- Projects which involve Recombinant DNA work should be examined and certified by Institutional Biosafety Committee

- Projects, which are clinically oriented or projects, which involve experiments with human and/or animal material, should be examined and certified by Institutional Ethics Committee.

- All the required information should

be given in the text of the proposal itself and not as annexures.

- Incomplete application and application lacking scientific/technical details will not be considered.

- At the time of submission of proposals, it is not necessary to get it forwarded by any Institute/Laboratory.

- Ten (10) copies of the proposal, in the format given below, neatly typed on both sides of A-4 size paper, should be submitted to the concerned officer in DST at any time during the year at the following address:

Head, SERC
Department of S & T Technology Bhavan

INSA JRD-TATA FELLOWSHIP PROGRAMME

Indian National Science Academy (INSA), a premier scientific organization in India representing all branches of Science and Technology, has instituted the INSA-JRD TATA FELLOWSHIP administered by CICS in honour of the late JRD Tata, visionary and a leading industrialist. The purpose of this Fellowship is to extend facilities of scientific infrastructure and expertise of India to scientists and researchers from other developing coun-

tries. The Fellowship established from an Endowment received from Sir Dorabji Tata Trust fosters advanced research training of scientists from the developing world and promote south-south co-operation.

- The Fellowship is intended for researchers(Nationals) from developing countries except India, who have aptitude for research and would be desirous of working in an Indian research laboratory for a maximum period of 3 months. Applicants possessing Doctorate or Master's Degree in Science or equivalent degree in Engineering/ Medicine and allied disciplines, below 45 years of age may apply.

- The fellowship covers (1) cost of return airfare from place of work in their home country to place of work in India (2) maintenance allowance and incidentals for three months, (3) accommodation to be provided by the host institute either free of cost or at nominal charges and (4) contingency grant for purchase of books and stationery.

- Selection is based on the recommendations of a Committee consisting of eminent scientists. The committee meets twice a year during May and November.

- Application form may be downloaded from this website and sent to the Director, CICS. For further information, kindly visit

RAMANUJAN FELLOWSHIP

The fellowship is meant for brilliant scientists and engineers from all over the world to take up scientific research positions in India, especially those scientists who want to return to India from abroad. The fellowships are scientist-specific and very selective. The Ramanujan Fellows could work in any of the scientific institutions and universities in the country and they would be eligible for receiving regular research grants through the extramural funding schemes of various S&T agencies of the Government of India.

J C BOSE NATIONAL FELLOWSHIPS

The fellowship is meant to recognize active scientists and engineers for their outstanding performance and contributions. The fellowships are scientist-specific and very selective. For more information contact:
