## ICMST

DESIDOC brings out a range of services and products to keep its users updated. The International Conferences on Military Science & Technology (ICMST) covers upcoming conferences, seminars, workshops, events, and exhibitions on the topics like Aeronautics, Armaments, Combat Vehicles, Computer Science, Electronics, Life Sciences, Management, Materials Science, Military Science, Missiles, Naval Science and other topics related to DRDO. The service also covers the forthcoming S&T Awards & Fellowships. The aim of this anticipatory service is to:

- Inform the DRDO scientific community about the latest international conference in military science and technology
- Abreast and update with the latest and current advancements in their respective areas of specialisation.

The information is collected and compiled from defence-related journals being subscribed in Defence Science Library (DSL), DESIDOC and from the Internet. Only those materials from the various conferences have been taken that will be useful to and related to the work carried out in DRDO. The limited topics are covered under each conference. Contact addresses are also provided to help interested scientists/researchers get complete information about the conferences. The complete details are available at the conference website mentioned with each conference.

# SUBJECT INDEX

Page No.

## 1. Aeronautics

- International Symposium on Aviation and Aerospace System Engineering (SAASE 2017) 6
- Aviation Forum 6
- 19th International Conference on Aeronautics and Aerospace Engineering (ICAAE 2017) 7

## 2. Computer Science

- International Conference on Soft Computing in Engineering 8
- IEEE International Conference on Intelligent Computing and Control Systems 8
- 2nd International Conference on Computer and Digital Manufacturing (ICCDM 2017) 9
- International Conference on Computer and Data Analysis (ICCDA 2017) 10
- International Conference on Computer Auditing (ICAEA 2017) 11
- 13th IEEE International Conference on Green Computing and Communications 11

## 3. Electronics

- 9th IEEE International Conference on Communication Software and Networks (ICCSN 2017) 13
- IEEE International Conference on Trends in Electronics and Informatics (ICEI 2017) 13

---

• 2nd International Conference of Computation and Communication Technologies (ICCCT 2017)	14
• 40th International Spring Seminar on Electronics Technology (ISSE 2017)	15
• 2nd International Conference on Measurement Instrumentation and Electronics--Ei Compendex & Scopus (ICMIE 2017)	16
• 3rd International Conference on Electrical Electronics and Industrial Automation	16
• 2nd International Conference on Electronics Engineering-EI, Scopus, and ISI CPCS ((ICOEE 2017)	17

## 2. Life Sciences

• 9th International Conference on Bioinformatics and Biomedical Technology (ICBBT 2017)	19
• 4th International Conference on Biomedical and Pharmaceutical Engineering (ICBPE 2017)	19
• 15th World Medical Nanotechnology Congress & Expo	20
• 8th International Conference on Proteomics and Bioinformatics	21
• 8th International Conference on Proteomics and Bioinformatics	21

## 3. Management

• 4th International Conference on Management, Engineering, Science & Technology 2017 (ICMEST 2017)	23
• International Conference on Business Management, Society and Human Beings	23
• International Research Conference on Business, Marketing, Management and Education Studies (BMMES-17)	24
• 7th International Conference on Applied Science,	24

---

## Management and Technology 2017 (ICASMT 2017)

- 3rd International Annual Conference on Business Research and Management Practices in the Global Environment 25
- 3rd World Conference on Supply Chain Management (WCOSM 2017) 25
- International Conference on Risk Management 26
- International Conference on Human Resources Management & Talent Acquisition 26

## 6. Materials Science

- 8th International Conference on Material and Manufacturing Technology (ICMMT 2017) 28
- International Conference on Materials Engineering and Functional Materials (ICMFM 2017) 28
- 2nd International Conference on Carbon Materials Science and Technology (ICCMST 2017) 29
- 2nd International Conference on Materials Engineering and Nanotechnology (ICMEN 2017) 29
- 2nd International Conference on Smart Materials Technologies (ICSMT 2017) 30

## 7. Military Sciences

- 19th Asian Security Conference- Combating Terrorism: Evolving an Asian Response 32
- Defence Forum 32
- SSPD 2017 Conference Programme 33
- Military Space Situational Awareness 33

**DESIDOC Services** 35

## (A) Avionics

### (1) International Symposium on Aviation and Aerospace System Engineering (SAASE 2017)

*Date: 12-14 May 2016*

*Place: Beijing, China*

#### *Selective Topics*

- Aerodynamics & flight mechanics meteorological radar
- Aeronautical engineering mimo radar moving target detection
- Aerospace & electronics systems modeling & simulation
- Aircraft navigation
- Atmospheric measurement navigation services
- Computer engineering radar detection & imaging
- Control design radar signal processing
- Convex parameterization rocket
- Doppler signature classifications satellite architecture
- Earth terminal systems satellite ground stations
- Emerging technologies satellite navigation
- Estimation & detection theory satellite payload
- Estimation for guidance, navigation & control of an aerial vehicle satellite subsystems & components
- Finite elements sensing & sensor technologies

- Geoscience & remote sensing space communications
- GPS multipath spacecraft and launch vehicle
- Ground support system stochastic control systems
- Hydraulics & fluid power systems telemetry
- Image analysis UAV & satellite communications

#### **Contact Information:**

Contact Person: Ms. Tiffany Chang

E-mail: [saase@smehk.org](mailto:saase@smehk.org)

Website: <http://www.saase.org/>

## (B) Aerodynamics/ Aeroacoustics

### (2) Aviation Forum

*Date: 5–9 June 2017*

*Place: Denver, Colorado*

#### *Selective Topics*

- Aeroacoustics
- Aerodynamic decelerator systems technology
- Aerodynamic measurement technology
- Air transportation integration & operations (atio) - aerospace traffic management (atm)
- Air transportation integration & operations (atio) - aircraft design and integration
- Air transportation integration & operations (atio) - unique and/or transformational flight systems
- Applied aerodynamics

## AERONAUTICS

---

- Atmospheric and space environments
- Atmospheric flight mechanics
- Complex aerospace systems exchange
- Computational fluid dynamics
- Computer systems
- Fluid dynamics
- Ground testing
- Itar papers
- Lighter-than-air technology
- Modeling and simulation technologies
- Aerospace manufacturing technologies
- Aerospace structures and materials
- Air vehicle systems and technologies
- Aircraft design and development
- Antennas, rf/microwave systems, and propagation
- Communication, navigation systems and technologies
- Propulsion
- Remote sensing
- Space missions, systems and architectures
- Spacecraft avionics systems, subsystems, and technologies
- Spacecraft, launch vehicle systems and technologies

### **(C) Aerospace Engineering**

#### **(3) 19th International Conference on Aeronautics and Aerospace Engineering (ICAAE 2017)**

*Date: June 15 - 16, 2017*

*Location: Toronto, Canada*

*Selective Topics*

- Aerodynamics
- Aeronautics and aerospace engineering

### **Contact Information:**

Bond Place Hotel, 65 Dundas Street East, Downtown Toronto, M5B 2G8, Toronto, Ontario

Website: <https://www.waset.org/conference/2017/06/toronto/ICAAE>

## (A) Artificial Intelligence

### (1) International Conference on Soft Computing in Engineering

*Date: 2-4 May 2017*

*Place: Jaipur, Rajasthan, India*

*Selective Topics:*

- Multi-objective evolutionary computation
- Computational intelligence
- Artificial neural network
- Fuzzy logic, bayesian methods
- Swarm intelligence, ant colonies, artificial life
- Differential evolution
- Perception intelligent decision systems
- Spatial data mining, information retrieval
- Reinforcement & deep learning
- Expert system auto learning system
- Hueristic & other search techniques
- Multi criteria decision making
- Independent computing
- Artificial intelligence
- Knowledge acquistion & representation
- Evolution of ai systems
- Applications of soft computing in engineering
- Smart grid and micro grid
- Structural design and analysis
- GIS, GPS & remote sensing
- Cloud & big data

- Data & wave mining
- Operating system

### (2) IEEE International Conference on Intelligent Computing and Control Systems

*Date: 15-16 June 2017*

*Location: Madurai, Tamilnadu*

*Selective Topics*

- Software Engineering
  - Architecture and design
  - Aspect-orientation
  - Cloud-computing
  - Data mining systems
  - Databases
  - Data warehousing systems
  - Empirical software engineering
  - Information privacy & security
  - Query processing and optimization
  - Programming languages
  - Refactoring
  - Software economics and metrics
  - Software reuse
  - Software testing and analysis
  - Software visualization
  - Software validation and verification
- Machine learning and optimization

- Artificial intelligence
- Big data analysis, security issues in big data
- Cloud / grid / distributed computing
- Cognitive science
- Data & knowledge engineering
  - Information theoretic learning
  - Multi agent systems
  - Data communication and computer networking
  - Cryptography
  - Network based applications
  - Wireless and adhoc network
  - Wireless multimedia systems
- Vlsi design and automation
  - Communication circuits
  - Device/circuit simulation and modeling
  - Digital circuits and asic
  - Emerging trends and development in vlsi
  - Embedded systems
  - Low power cmos design
  - Logic synthesis and physical design
  - Mems and sensors design
  - Rf, analog and mixed-signal circuits
  - System-on-chip and network-on-chip
  - VLSI testing and reliability

## **(B) Computer Architecture**

### **(3) 2nd International Conference on Computer and Digital Manufacturing (ICCDM 2017)**

*Date: 4-6 May 2017*

*Place: Singapore*

*Selective Topics:*

- Digital manufacturing and advanced manufacturing
  - Industrial automation, process control, manufacturing process and automation
  - Advanced manufacturing technology, sustainable production, recycling and remanufacturing,
  - Rapid manufacturing
  - High-speed automation and intelligent control, intelligent manufacturing, knowledge-based engineering
  - High-precision manufacturing automation technology
  - CAD/CAE/CAPP/CAM
  - PLM, PDM, ERP/ERM
  - Quality monitoring and control of the manufacturing process
- Mechatronics and intelligent robot technology

- Mechatronics modeling, optimization, simulation techniques and methodologies
- Intelligent mechatronics, biomimetics, automation and control systems
- Elements, structures, mechanisms, and applications of micro and nano systems
- Teleoperation, telerobotics, haptics, and teleoperated semi-autonomous systems
- AI, intelligent control, neuro-control, fuzzy control and their applications
- Intelligent control and detection technology
- Autonomous control
- Complex system modeling and intelligent controller design
- Intelligent sensor, soft sensor, wireless sensors and wireless sensor networks, multisensor fusion&integration
- Data acquisition and measurement engineering
- Adaptive signal processing, multimedia signal processing
- Embedded technology and its applications
- Embedded systems, software, hardware and applications
- Cyber-physical systems
- Circuit- system, integrated circuit design, integrated system
- Application specific integrated circuits
- Agricultural equipments automa-

tion and digital agriculture

- CAD/CAM/CIMS application in agricultural equipments
- Agriculture robot technology
- Advanced control and sensor technology in agricultural equipments
- Modern production equipments design and manufacture of main crops
- Animal husbandry and aquatic equipment design and manufacture

## **(C) Algorithms and Data Structures**

### **(4) International Conference on Computer and Data Analysis (ICCD A 2017)**

*Date: 19-23 May 2017*

*Place: Lakeland, United States of America*

*Selective Topics:*

- Foundations
  - Data pre-processing, sampling and reduction
  - High performance computing for data analytics
  - Architecture, management and process for data science
- Data analytics, machine learn-

- ing and knowledge discovery
- Multimedia/stream/text/visual analytics
  - Cloud computing and service data analysis
  - Storage, retrieval and search
    - Data warehouses, cloud architectures
    - Large-scale databases
    - Information and knowledge retrieval, and semantic search
    - Web/social/databases query and search
    - Personalized search and recommendation
    - Human-machine interaction and interfaces
    - Crowdsourcing and collective intelligence

### **(D) Computer Auditing**

#### **(5) International Conference on Computer Auditing (ICAEA 2017)**

*Date: 19-20 June 2017*

*Place: London, United Kingdom*

#### *Selective Topics*

- Digital business: innovation, strategy and governance
- It/ is governance, risk manage-

- ment, control and auditing
- Compliance & legal: aml, anti-bribery and regulatory compliance
- Modern accounting education: accounting information system, internal control and auditing
- Big data, data mining and business analytic technology
- Cyber security, information security and privacy
- Auditing, fraud detection and forensic accounting
- Computer auditing in banking/ insurance/ cpa services
- Computer auditing in government/ healthcare/ education
- Computer auditing in manufacture/ retail/ transportation/ telecom/ utilities
- Other related fields in computer auditing

### **(E) Computer Communication Networks**

#### **(6) 13th IEEE International Conference on Green Computing and Communications**

*Date 21-23 June 2017*

*Location: Exeter, England, United*

### *Kingdom*

#### *\*Selective Topics*

- Green Computing and Communication Technologies
- Green infrastructure sustainable design and technologies
- Energy- and power-constrained devices and gateways
- Ultra-low power systems architectures
- Low-power, distributed data processing on sensors
- Smart Energy and Smart Grid
- Smart metering infrastructure and technologies
- Large-scale monitoring, control and demand response
- Green Society Applications

- Smart sensing systems
- Smart city
- Green vehicle, green home, green buildings and green anything
- Green industrial automation and control
- Intelligent Transport Systems and control

## (A) Signal Processing and Networks

### (1) 9th IEEE International Conference on Communication Software and Networks (ICCSN 2017)

*Date: 6-8 May 2017*

*Place: GuangZhou, Guangdong, China*

*Selective Topics:*

- Communications networks and systems
  - Networking: future internet/ future networks
  - QOS/QOS and resource management
  - Optical networks
  - Multimedia networking etc.
- Signal processing & applications
  - Signal, image, audio, video processing, analysis and applications
  - Pattern recognition
  - Statistical signal processing and modeling
  - Computer vision and audition
- Optical communications and networking
  - Design and management of optical networks
  - Lasers and photonic components
  - QOS. Optical networks for future networks
- Microwave engineering

- Microwave devices/components design and techniques
- MEMS
- Integration techniques
- Nano-scale devices
- Millimeter-wave and thz components etc.
- Antenna design and applications
- Smart antennas
- RF
- Microwave and millimeterwave systems and applications

### (2) IEEE International Conference on Trends in Electronics and Informatics (ICEI 2017)

*Date: 11-12 may 2017*

*Place: Tirunelveli, Tamilnadu, India*

*Selective Topics:*

- Informatics
- Coding techniques for 3g & 4g
- Uwb systems
- Digital multimedia systems
- Antenna systems
- Signal & image processing
- Telemetry & tele command systems
- Optical communication

- Satellite technology
- Earth station systems & technology
- Multi carrier modulation
- Mimo systems
- Electromagnetics engineering
- Bio-computation techniques
- Cryptography
- IOT
- Big data
- Cloud computing
- Analog/digital/mixed-signal circuits
- VLSI for DSP
- ASIC & SOC
- CAD for VLSI
- RF circuit design
- Bio-mems/nems
- Mmic & cmos circuits
- Nano-fabrication & computing
- Materials for electronics
- Integration of electronic systems
- Embedded systems
- Power electronics
- Nano electronics

## **(B) Communication Technology**

### **(3) 2nd International Conference of Computation and Communication Technologies (ICCT 2017)**

*Date: 19-20 May 2017*

*Place: Kuala Lumpur Sentral, Malaysia*

#### *Selective Topics:*

- Communication and computer systems
- Coding techniques for 3G & 4G
- Digital multimedia systems
- Airborne vehicle communication
- Antenna systems
- Signal & image processing
- Telemetry & tele command systems
- Millimeter wave technology
- Telecom management
- Underwater communication
- Biomedical signal processing
- Wavelets & applications
- Multi carrier modulation
- MIMO systems
- Microwave systems
- Electromagnetics engineering
- Bio-computation techniques
- Cryptography
- Switching
- IOT
- Big data
- VLSI for DSP

- Biomedical applications
- ASIC & SOC
- CAD for VLSI
- RF circuit design
- Bio-MEMS/NEMS
- MMIC & CMOS circuits
- Switching
- IOT
- Big data
- Analog/digital/mixed-signal circuits
- VLSI for DSP
- Biomedical applications
- ASIC & SOC
- CAD for VLSI
- RF circuit design
- Bio-MEMS/NEMS
- MMIC & CMOS circuits
- VLSI design and automation
- Communication circuits
- Device/circuit simulation and modeling
- Digital circuits and ASIC
- Low power CMOS design
- Logic synthesis and physical design
- MEMS and sensors design
- RF, analog and mixed-signal circuits
- System-on-chip and network-on-chip
- VLSI testing and reliability

### **(c) Measurement and Instrumentation**

#### **(4) 40th International Spring Seminar on Electronics Technology - ISSE 2017**

*Date: 10-14 May 2017*

*Place: Sofia, Bulgaria*

*Selective Topics:*

- New materials, components and processes
- Thermal management
- Advanced packaging and inter-connection technologies
- Testing, reliability and quality management
- Process modelling and simulation
- Environmental and ecological effects in electronics technology
- Nanotechnology, nanomaterials and nanoelectronics
- Signal integrity and electromagnetic compatibility
- Sensors, actuators and micro-systems
- Educational and information technologies in electronics manufacturing

### **(5) 2nd International Conference on Measurement Instrumentation and Electronics-Ei Compendex & Scopus (ICMIE 2017)**

*Date: 9-11 June 2017*

*Place: Prague, Czech Republic*

*Selective Topics:*

- Measurement, instruments & test
  - Microprocessor and embedded system
  - VLSI testing and fault diagnosis
  - Mems instruments and test system
  - Testability and built-in-test
  - Electronic instrument & measurement system
- Measurement & test information processing
  - Measurement system and theory
  - Measurement error theory
  - Signal analysis and processing
  - Image processing
- Instrument & measurement in research & engineering
  - Simulation and experimental technology

- Safety monitoring instruments and systems
- Measurement & test information acquisition and transmission
  - Sensors and transducers
  - Non-electric measurement
  - Sensor network
  - Signal transmission and data bus
- Networks in test and measurement
- IOT: internet of things
- Cyber physical system

### **(D) Electronics and Technology**

### **(6) 3rd International Conference on Electrical Electronics and Industrial Automation**

*Date: 5-6 June 2017*

*Place: Montreal, Quebec, Canada*

*Selective Topics:*

- Digital image processing
- Electrical machines
- Electrical materials electromagnetics
- High voltage techniques microwave
- Power electronics and applications antennas

- Mechatronics communication theory and systems
- Control theory and applications optoelectronics
- Robotics and automation systems biomedical electronics
- Intelligent systems sensors
- Electronics instrumentation
- QOS provisioning and architectures
- Embedded system
- VLSI design and fabrication
- Photonic technologies
- Data mining
- Telecommunication services and applications
- Wireless networking
- Array signal processing
- Hardware implementation for signal processing
- Speech and audio coding
- Speech synthesis & recognition
- Image processing & understanding
- Pde for image processing
- Video compression & streaming
- Computer vision & vr
- Sp for internet and wireless communications
- Biometrics & authentication
- SP for bio-medical & cognitive science
- SP for bio-informatics

**(A) Biological and Medical Informatics**

**(1) 9th International Conference on Bioinformatics and Biomedical Technology (ICBBT 2017)**

*Date: 14-16 May 2017*

*Place: Lisbon, Portugal*

*Selectives Topics:*

- Bioinformatics and Computational Biology
  - Protein structure, function and sequence analysis
  - Computational proteomics
  - Computational evolutionary biology
  - Drug design and computer aided diagnosis
  - Data acquisition, normalization, analysis and visualization
- Biomedical Engineering
  - Biomedical imaging, image processing & visualization
  - Bioelectrical and neural engineering
  - Methods and biology effects of NMR/CT/ECG technology
  - Biomedical devices, sensors, and artificial organs
  - Bio-signal processing and analysis
  - Biometric and bio-measurement
  - Other topics related to biomedical engineering
- Other Related Topics

- Biostatics
- Biometric
- Biomathematics
- Bioengineering
- System biology

**(2) 4th International Conference on Biomedical and Pharmaceutical Engineering (ICBPE 2017)**

*Date: 14-16 May 2017*

*Place: Lisbon, Portugal*

*Selective Topics:*

- Assistive and rehabilitation technology
- Biochips and bioinstrumentation
- Bioinformatics and computational biology
- Biomaterial and biomolecular engineering
- Biooptics and biosensing
- Biorobotics, surgical robotics and surgical planning
- Cardiovascular and respiratory systems
- Cell mechanics
- Cognitive neuroscience and neurosystems
- Drug discovery and design

- Distributed diagnosis and home healthcare
- Pharmaceutical engineering
- Targeted drug & gene delivery
- Pharmaceutical biotechnology
- Medicinal chemistry
- Molecular pharmacology
- Novel drug delivery system
- Nanotechnology
- Clinical pharmacy
- Nanomedicine and Nanoemulsions
- Nano Medicinal Chemistry
- Nanoelectronics and Biomedical Devices
  - Nano-Bio Interactions
  - Nano-Bio Interfaces
  - Nanostructured Materials for Artificial Organs
  - Smart Polymers for Biomedical Applications

## **(B) Nano Biotechnology**

### **(3) 15th World Medical Nanotechnology Congress & Expo**

Date: 22-23 May 2017

Place: Osaka, Japan

Selective Topics:

- Nanomedicine
  - Nanotechnology based Imaging Technologies
  - Nanotechnology future applications
  - Nano Arrays for Advanced Diagnostics
  - Nanotechnology in Dentistry
  - Invasive Therapy Technologies
  - Implantable Nanosensors
  - Lab-on-a-Chip / Point of Care Diagnostics
- DNA Nanotechnology
  - Properties of nucleic acids
  - Structural DNA nanotechnology
  - Three-dimensional arrays
- Medical Nanotechnology Devices
  - Nanorobotics and nanomanufacturing
  - Nano-Optics
  - Nano MEMS
  - Microfluidics & Microfabrication
- Bio-Nanomaterials and Tissues Engineering
  - Liquid-based template assembly
  - Bioartificial organs
  - Artificial bone marrow
- Biosensors, Diagnostics and Imaging
  - Nanoparticles and Imaging technology
  - Novel approaches for diagnostics
- Nanotechnology in Life Sciences

### & Medicine

- Recent Advances in Nano-medicine
- Magnetic Nanoparticle Cancer Treatment
- Nanotechnology in Cardiovascular Medicine
  - Nano Cardiomyoplasty
  - Nano-carriers against atherosclerotic plaques
- Medical Nanotechnology Health care
  - Public Healthcare
  - Advances in Healthcare
- Nanotoxicity
  - Coatings and Charges
  - Genotoxicity
  - Cytotoxicity

### **(C) Genomics and Proteomics**

#### **(4) 8th International Conference on Proteomics and Bioinformatics**

*Date: 22-24 May 2017*

*Place: Osaka, kansai, Japan*

### \*Selective Topics:

- Protein biochemistry
- Molecular biochemistry
- Analytical biochemistry
- Clinical biochemistry
- Medical biochemistry
- Structural biochemistry
- Nano biochemistry
- Lipids biochemistry
- Proteomics for bioinformatics
- Bioimaging & bioengineering
- Molecular and cellular principles
- Bioinformatics tools & software
- Pattern recognition and machine learning
- Practical machine learning tools and techniques
- Machine learning in prediction of protein secondary structure
- Support vector machines

#### **(5) 8th International Conference on Proteomics and Bioinformatics**

*Date: 22-24 May 2017*

*Place: Nevada, USA*

\*Selective Topics:

- Protein biochemistry
  - Molecular biochemistry
  - Nano biochemistry
  - Nutritional biochemistry
- Computational & biology proteomic
  - Data integration pathway analysis
  - Data mining and data analysis
- Machine learning in bioinformatics
- Bioinformatics tools & software
  - Practical machine learning tools and techniques
  - Machine learning in prediction of protein secondary structure
  - Support vector machines
  - Proteomics for bioinformatics
  - Evolutionary bioinformatics
  - Structural bioinformatics
  - Next generation sequencing
  - Web services in bioinformatics
  - High performance computing
- in bioinformatics
  - Pattern recognition, clustering & classification
  - Bayesian inference for gene expression & proteomics
- Biomedical sciences in proteomics
  - Systems biomedicine
  - Bioimaging & bioengineering
  - Molecular and cellular principles
  - Biochemical reactions and enzyme kinetics
  - Functional disulfide bonds in health and disease

### **(A) Management , Science and Technology**

#### **(1) 4th International Conference on Management, Engineering, Science & Technology 2017 (ICMEST 2017)**

*Date: 1-2 May 2017*

*Place: Dubai, UAE*

Selective Topics:

Management

- Business communication
- Business mathematics and statistics
- E-business technologies
- Enterprise resource planning
- Financial and management accounting
- Financial management
- Human resource management
- Marketing management
- Production management
- Retail management

#### **(2) International Conference on Business Management, Society and Human Beings**

*Date: 10-12 May 2017*

*Place: Ottawa, Canada*

Selective Topics:

- International economics

- Public finance
- Monetary economics
- Sectorial studies
- Macroeconomic issues
- Financial markets
- Money and capital markets
- International finance
- Derivatives and foreign exchange rates
- Portfolio and funds management
- Behavioral finance
- New business models
- Agricultural business
- Entrepreneurial marketing
- Entrepreneurial education
- Hospitality and tourism
- Advertising, promotion & marketing communication
- Pricing
- Public relation
- Retailing and sales management
- Marketing technology
- Modeling and forecasting
- Neuro-marketing
- Social responsibility, ethics and consumer protection
- Sports marketing
- Globalization
- International law
- Management in multicultural society
- International market entry
- Cross cultural management
- Human resource management

- Training and development
- Conflict resolution
- Global and multicultural issues
- Strategic hr management
- Recruiting and staffing
- Small and medium size firms in crisis
- Supply chain strategy
- Innovation and creativity
- E-commerce and e-business
- Global technology transfer
- Research and operations
- Education technology
- Globalization processes
- Glocalization processes
- Values, norms
- Labour market
- E-commerce
- E-governance
- Education
- Economics
- Human resources
- Management information systems
- Operations research
- Organizational behaviour
- Management

### **(3) International Research Conference on Business, Marketing, Management and Education Studies (BMMES-17)**

Date: 15-16 May 2017

Place: Istanbul, Turkey

Selective Topics:

- Banking
- Finance
- Business
- Business ethics
- E-business

## **(B) Business Management**

### **(4) 7th International Conference on Applied Science, Management and Technology 2017 (ICASMT 2017)**

Date: 1-2 May 2017

Place: Dubai, United Arab Emirates

Selective Topics:

- Management
- Financial management
- Marketing management
- Hr management
- Retail management
- E-commerce technologies
- Strategic management

- Financial and management accounting
- Business statistics
- Business communication
- Enterprise resource planning

### **(5) 3rd International Annual Conference On Business Research and Management Practices in the Global Environment**

*Date: 22-24 May 2017*

*Place: San Diego, CA, United States of America*

Selective Topics:

- Business analytic
- Supply chain management
- Enterprise systems
- Project management
- E- governance
- Management information system
- Marketing, business and marketing strategies and international business
- Accounting / it- accounting and auditing
- Hrm/e- human resource management
- Management science
- Finance and international finance
- Business ethics

- Quantitative methods, business statistics/econometrics
- Business and corporate law/law
- Entrepreneurship
- Business & economics/microeconomics

#### **(6) 3rd World Conference on Supply Chain Management (WCOSM 2017)**

*Date: 18-19 May 2017*

*Place: Colombo, Western Province, Sri Lanka*

Selective Topics

- Supply chain modelling & planning
- Supply chain demand planning and forecasting.
- Supply chain network / distribution design and modelling.
- Data analytics, data intelligence and big data issues.
- Supply chain evaluation & management
- Measuring supply chain integration and maturity.
- Supply chain economics.
- Supply chain performance Management.

- Benchmarking.
- Decision making strategies.
- Supply chain operations
  - Procurement, supply, sourcing
  - Srm and crm applications
- Supply chain policy and societal
  - Sustainability issues and policies for greening supply chains
  - Governance and regulation issues.
  - Supply chain education.
- Business analysis
- Business intelligence
- Change management
- Conflict management
- Crisis management
- Strategic management
- Strategic management policy
- Supply chain management
- Research and development
- Technology & innovation
- Task analysis
- Work-life balance

**(1) 8th International Conference  
on Material and Manufacturing  
Technology (ICMMT 2017)**

*Date: 4-6 May 2017*

*Place: Singapore*

*Selective Topics:*

- Composites
- Micro / nano materials
- Steel and iron
- Polymer materials
- Materials physics and chemistry
- Building materials
- New energy materials
- Environmental friendly materials
- Biomaterials and chemical materials
- Modeling, analysis and simulation of manufacturing processes
- Materials forming, machining
- Vibration, noise analysis and control
- High-speed/precision machining and inspection technology
- Laser processing technology
- Power and fluid machinery
- Energy machinery and equipment

on Materials Engineering and  
Functional Materials (ICMFM  
2017)**

*Date: 8-10 May 2017*

*Place: Hanoi, Vietnam*

*Selective Topics:*

- Materials science & engineering
  - Amorphous materials
  - Nanomaterials
  - Biomaterials
  - Multifunctional materials
  - Smart materials
  - Biomaterials, sensors and surfaces
  - Structured materials
  - Spintronics materials and devices
  - Hard/soft magnetic materials
- Materials properties, measuring methods and applications
  - Ductility
  - Crack resistance
  - Fatigue
  - Creep-resistance
  - Fracture mechanics
  - Reliability assessment
  - Toxicity
  - Working properties of materials and products
- Methodology of research and analysis and modelling
  - Electron microscopy
  - X-ray phase analysis
  - Metallography

- Process systems design
- Mould flow analysis
- Rapid prototyping
- CAM
- CAMS
- CAQ
- Engineering design
- Technological design
- Materials design
- Materials manufacturing and processing
  - Casting
  - Thermo-chemical treatment
  - Thin & thick coatings
  - Industrial application of cleaner production methods
- Nanotechnology and smart materials
  - Nanomaterial synthesis
  - Nanotechnology integration

**(3) 2nd International Conference on Carbon Materials Science and Technology (ICCMST 2017)**

Date: 12-14 May 2017

Place: Kuala Lumpur, Malaysia

Selective Topics:

- Activated carbon and adsorption
- Carbon fibers and composites
- Carbon paper, carbon foams
- Industrial carbon and graphite
- Pitch and pitch based products
- Nano carbons ( carbon nano-tubes, graphene, carbon dots, carbon nanocomposites)
- Carbon materials for energy generation and storage (fuel cells and batteries)
- Properties, processing and applications of carbon materials

Date: 12-14 May 2017

Place: Kuala Lumpur, Malaysia

Selective Topics:

- Materials engineering
  - Advanced characterization
  - Manufacturing
  - Materials culture
  - Materials processing
  - Materials theory
- Mechanical behavior of materials
- Mechanical properties and nanomechanics

- Nanopatterning
- Nanotechnology
- Optical and photonic materials
- Optoelectronics
- Organic polymer materials
- Nanotechnology
- Nanotechnology and materials sciences
- Materials science and engineering: nanotechnology
- Nanomaterials
- Nanoelectronics
- Nanosystems
- Nanomechanics
- Nanomanipulation
- Quantum electrodynamics of nanosystems
- Scanning probe microscopy/ spectroscopy and related instrumentation
- Advances in materials and processing for nanotechnology and nanofabrication

## **(A) Defence and Security**

### **(1) 19th Asian Security Conference- Combating Terrorism: Evolving an Asian Response**

*Date: March 6-8 2017*

*Place: New Delhi*

*About the Conference*

The Asian Security Conference (ASC) is a major calendar event of the Institute for Defence Studies and Analyses (IDSA), New Delhi. Since 1999, when the conference was first held, the ASC has emerged as an important platform for debating issues relating to Asian Security. For the last ten years, the ASC has been providing a forum for security analysts, practitioners and policy makers from around the world to share their views on the challenges facing the Asian continent. The nineteenth conference in this series is being held on the topic "Combatting Terrorism: Evolving an Asian Response".

## **(B) Military Technology and Equipment**

### **(2) Defence Forum**

Date: 25–27 April 2017

Place: Laurel, Maryland

*Selective Topics:*

- UAS in American Airspace
- Space Based Threats
- Foreign Space Threats
- Test and Evaluation (Possibilities)
- Defense Innovation (Possibilities)
- Hypersonic Systems
- Innovative Concepts and Emerging Technologies
- Missile Defense
- Robotic and Unmanned Weapon Systems
- Strategic and Tactical Missile Systems
- Targets and Countermeasures
- Weapon System Performance, Analysis, Modeling and Simulation

The subtopics of interest are:

- Space Systems
- Strategic Missile Systems - Ground Based (GBSD) & Sea Based Deterrent
- Computing Systems & Cybersecurity
- Tactical Missiles
- System and Decision Analysis for National Security

- Estimation, Guidance, Navigation and Control
- Missile Defense
- Innovative Concepts and Technologies
- Robotic and Unmanned Weapon Systems
- Weapon System Operational Performance
- Weapon System Performance Analysis, Modeling and Simulation
- Weapon System Test and Evaluation
- Hypersonic Systems and Technologies
- Survivability
- Test and Evaluation of missile defense systems
- Threat ballistic, hypersonic, surface-to-air, or air-to-air missile developments or increased capabilities
- Development, test, and use of target systems or surrogates
- Innovative sensors, or exploitation of observables
- Detection algorithms and discrimination techniques
- Concepts for next generation missile defense systems
- Missile defense system test & evaluation of performance

### **(3) SSPD 2017 Conference Programme**

*Date:*

*Place: Edinburgh, UK*

*Selective Topics:*

- Array Signal processing
- Image Processing
- Radar Sonar and acoustics
- Multimodal signal processing
- Multitarget targeting
- data fusion
- source separation
- anomaly detection
- Distributed signal processing

### **(D) Military Intelligence**

### **(4) Military Space Situational Awareness**

*Date: 26-27 April 2017*

*Place: London, United Kingdom*

*About the conference:*

Space Situational Awareness remains a key priority for armed forces capable of operating above the Earth. Space is now extremely contested, congested and competitive as more and more countries and organisations gain access to space technology. However, high amounts of orbiting traffic is not the only threat; space weather, debris and ground based electronic and cyber threats could also have a massive impact on our

operations by disrupting satellite activity and therefore military ability on the ground. These threats need to be fully understood before we can overcome them

## ***DESIDOC SERVICES***

---

DESIDOC has taken initiative to provide a single window information service on the latest developments in the frontier areas of science, technology and engineering to the Defence R&D community. DESIDOC supplies further information/copies of articles on demand by the scientists from the DRDO labs within least possible time through fax, speed post or e-mail. The following services are currently offered by DESIDOC through DESIDOC single window webpage on intranet:

- *Digital Library of Translated Documents*
- *Digital Reference Desk*
- *DRDO Blog*
- *DRDO Current Periodicals*
- *DRDO E-Journals Consortium*
- *DRDO Institutional Repository (Gyansrota)*
- *DRDO Publications*
- *Defence Science Journal*
- *Defence Life Science Journal*
- *DESIDOC Journal of Library & Information Technology*
- *DRDO Monographs/Special Publications*
- *DRDO Newsletter*
- *DRDO Samachar*
- *DRDO Science Spectrum*
- *DRDO Technology Spectrum*
- *Technology Focus*
- *Prodyogiki Vishesh*
- *DRDO Wiki*
- *International Conferences on Military Science & Technology*
- *InfoWatch Service (profile based service)*
- *Journal Search Service*
- *Knowledge Repository of DRDO Technical Reports*
- *New Books*
- *New Technical Reports*
- *Newspaper Clippings Service*
- *Online Public Access Catalogue (OPAC)*
- *Union Catalogue of Periodicals of DRDO Libraries*
- *Union Catalogue of Books of DRDO Libraries*

## **Feedback Form**

The main goal of publishing International Conferences on Military Science and Technology is to help the readers especially the Scientists to have access to those conferences which will help them in their research work and work output. This feedback will help us to understand the interest and opinion of the researchers, scientists and staff of DRDO. This will help us to improve this service and serve everyone in a better way.

1. How do you rate the content of the conferences in ICMST?

Excellent       Good       Can be improved

2. How do you rate the subject coverage of the conferences?

Excellent       Good       Can be improved

3. In your opinion how regular is ICMST service?

Very regular       Somewhat regular       Very irregular

4. Which of the following need immediate improvement in ICMST service

Cover       Layout       Subject distribution       Language

5. In which format you prefer to read ICMST?

Print       Online PDF

6. Kindly provide your suggestions/comments in the space provided below:
