Introduction

This publication contains the details of the current periodicals in Life Sciences Labs/Estts. of DRDO Libraries/TIRCs. This compilation would be of great help to the libraries/TIRCs/Scientists and staff members for locating the availability of the desired journals, as well as avoiding unnecessary duplication in the DRDO Labs/Estts complexes. The entire data covered in this volume is also available at INMAS in electronic format. This shall soon be made available for online access to DRDO Scientists/Staffs.

Any constructive suggestions towards further improvement of this publication or its database are welcome.
