## **CONTENTS**

<b><u>Details</u></b>	<b><u>Page No.</u></b>
Preface and Scope	3
Guide to arrangement of Union Catalogue	3-5
Alphabetical List of Periodicals	7-119
Life Science Labs/Estts Addresses	120-121

## **Preface**

This publication contains the details of periodicals held by the libraries of DRDO Life Science laboratories. In other words, it is the Union Catalogue of Periodicals in subject of Biosciences held by DRDO Libraries attached to life sciences laboratories. It lists not only the current periodicals received in these libraries, but also the back issues and volumes held by them. This compilation would be of great help to any one interested in knowing which journals volumes or issues are available in which of the DRDO libraries.

A look at the entries given in the catalogue would notice the following points:

- The catalogue covers data of all the Nine libraries under DRDO Life Science laboratories in India.
- One library i.e., Defence Laboratory Jodhpur have also been intentionally included in this union catalogue as it is primarily functioning in areas of Life Science, even though it does not fall under Listed nine life Science laboratories of DRDO.
- There is considerable duplication in the periodical holdings among DRDO libs/information centers even within a city.

The Union Catalogues of Periodicals can also be used for planning cooperative acquisition of Periodical since the libraries which can avoid unnecessary duplication in journal subscriptions.

We hope this publication will be found useful not only by the scientists and the libraries of DRDO but also by other S&T libraries and thus will lead to increased use of the periodicals covered herein. The entire data covered in this volume is also available as a computerized database at INMAS and it is also expected to be available on CD-ROM in due course. Any constructive suggestions towards further improvement of the Union Catalogue or its database, are welcome.

## **SCOPE**

The Union Catalogue of Periodicals in DRDO libraries/TIRCs represents the holdings of the periodicals available in various DRDO libraries scattered all over the country. The catalogue includes journals, proceedings, transactions, bulletins, newsletters, etc., of learned bodies, government departments, etc. This Union Catalogue is a record of the holdings of 2300 titles of periodicals held in 10 DRDO libraries. This Union Catalogue is a byproduct of the computerized database of periodical holdings of DRDO libraries.

## **PATTERN**

The union catalogue of Periodicals in DRDO libraries/TICs consists of main entries and cross reference entries of the titles of the periodicals in an alphabetical order. The Union Catalogue consists list of the titles arranged in alphabetical order with bibliographical collation.

### (A) Elements of the Main Entry :

Each main entry consists of the following entry elements:

#### 1. Title :

Title is given in bold letters in full along with alternate titles separated by colon ( ) and parallel title below the title in normal fonts, if any , (see sample entry)

#### 2. Frequency:

Frequency is given after the title (See Sample Entry). It shows the number of issues of a particular periodical in a particular year, e.g.

1. 52/12 means 52 issues of a periodical in a year
2. 26/12 means 26 issues of a periodical in a year
3. 12/12 means 12 issues of a periodical in a year
4. 6/12 means 06 issues of a periodical in a year
5. 4/12 means 04 issues of a periodical in a year
6. 2/12 means 02 issues of a periodical in a year
7. Irr. Means irregular issues of a periodical in a year

In case of change of frequency of periodical, the latest frequency is considered.

#### 3. The ISSN is given in the second line after the frequency of the periodical (See Sample Entry)

### **Holdings of Periodicals:**

Information on the holdings of periodicals in libraries is given at the end of entry (See Sample Entries). It includes information on the volumes subscribed by library along with years followed by missing volumes given between / / and incomplete volumes given in ( ). In the entry, + Sign after the year shows continuation of the subscription by the library. If subscription is discontinued, the year discontinuation is mentioned.

Sample Entry No 1.

**Advances in Analytical Chemistry and Instrumentation**

12/12 ISSN: 0065-2148

DRDE 1-4, 1960-65

**Title of Journal** is "Advances in Analytical Chemistry and Instrumentation"

Its **frequency** is 12 issues in a year

**Holding Information:** The library of DRDE is having all issues from volume 1 (1960) to volume 4 (1965). The library has stopped subscribing to this journal from volume 5 that is from year 1966 onwards.

Sample Entry No 2.

**Advances in Anatomic Pathology**

6/12 ISSN: 1072-4109

INMAS 14, 2007+

**Title of Journal** is "Advances in Anatomic Pathology"

Its **frequency** is 6 issues in a year

**Holding Information:** The library of INMAS is having all issues from volume 14 (2007) and is still continuing to subscribe to it.

Sample Entry No 3.

**Aerospace Medicine**

12/12 ISSN: 0095-6562

DLJ 32-42, 1961-71(32-33)

DFRL 42, 1971+

INMAS 35-44, 1964-73/36-37/(35, 40, 43-44)

**Title of Journal** is "Aerospace Medicine"

Its **frequency** is 12 issues in a year

**Holding Information:**

DLJ 32-42, 1961-71(32-33)

The library of DLJ is subscribing to this journal from volume 32 (1961) to volume 42 (1971). The library has stopped subscribing to this journal from volume 43 that is from year 1971 onwards. The library is not having all issues of volume 32 and 33.

DFRL 42, 1971+

The library of DFRL is having all issues from volume 42 (1971) onwards and still continuing. There is no missing issue or volume till date.

INMAS 35-44, 1964-73/36-37/(35, 40, 43-44)

The library of INMAS is subscribing to this journal from volume 35 (1964) to volume 44 (1973). INMAS library has stopped subscribing to this journal from volume 45 that is from year 1974 onwards. In library is not having volume no 36 and 37 (not even a single issue of volume is available). Whereas the library has incomplete sets of volume no 35, 40, 43 and 44.

A "List of Participating DRDO Labs/Estts" containing essential particulars of libraries arranged according to labs/estts abbreviation is given separately at the end.

Adequate care has been taken while editing and standardisation of the entries. For rendering to titles, and verification of different data elements, a number of source publications have been consulted.

We hope that the present compilation will not only help the scientific community in India, in general and DRDO Scientists in particular, to locate the required scientific periodicals in their Libs/TRICs but will also help them to procure the documents directly from the host libraries. In this way the costly resource base of S & T periodicals within the country will be put to optimal use.

Every effort has been made to represent the holding data accurately. In spite of best efforts, in handling huge volume of data, inadvertently some errors or omissions might have crept in. It would be appreciated if such cases are reported. It would be possible to incorporate the changes and amendments in the database expeditiously. Updated version to Union Catalogue of Periodical Holdings of DRDO Libs/TICs which are planned to be brought out annually, will contain information about new additions as well as amendments of records of the present compilation.
