

Counter Drone System

1. Drones or Unmanned Aerial Vehicles (UAV) are flying objects which are having varied span of dimensions – few centimeters to few meters, and payloads starting from few grams to few kilograms. The trend of using small drones to execute different tasks has increased over the last few years. At the same time, the threat caused by drones to the society, public security and personal privacy is also becoming increasingly high. From the security point of view, drones allow an attacker to reach any target in any location without risk to personnel, and there is an ever-expanding domain of usage, ranging from weapon carrier to espionage tools.
2. To mitigate and negate the impact of drones, there is a requirement to develop and deploy counter drone systems for detection, deterrence and destruction of incoming drone threats. Considering the unique nature of drones in terms of speed, size, hovering capability and resemblance to birds, no sensor system in standalone will be able to provide sufficient detection, tracking and identification capability to guarantee a reliable and effective defence against threats from drones. Conventional air defence solutions presently available with the country, which are designed to detect large, fast moving aerial objects, are not effective against small, low flying and slow-moving drones. Therefore, a combination of several types of detection capabilities including emission and reflection of microwave, infrared, visible light etc are required to detect and identify drones.
3. Counter drone system can detect, track and identify airborne drones using multiple sensors, transfer the information to associated systems and enable counter techniques to deny them the intended operation (soft kill) and/ or destroy them (hard kill).
4. The detection of drone is done with the help of Radars and RF based detection system. The identification is done with the help of Electro Optic sensor and COMINT. The soft kill is carried out with RF jamming & Anti GNSS technologies and Hard kill with the help of Laser Directed Energy Weapon (DEW).
5. The system can detect, identify and neutralize different types of drones including Small Hybrid UAVs, Micro UAV/ Multi rotor, and Nano UAVs. Counter Drone System consists of the following components:
 - a) Drone detection and tracking Radar
 - b) Day and night camera with laser ranging for detection and tracking of Drone target
 - c) Communication channel Detection & jamming system (Soft Kill)
 - d) GPS Jamming/ Spoofing System (Soft Kill)
 - e) Laser Directed Energy Weapon System (Hard Kill)
 - f) Command & Control Centre (C3) with Power Source for complete System

Interested industries are requested to forward their Expression of Interest (EoI) (with supporting documents) to Director LRDE with a copy to Director DIITM, DRDO HQ (without supporting documents) to the addresses mentioned below:-

The Director
Electronics and Radar Development Establishment
DRDO Complex, CV Raman Nagar Bengaluru 560093
Phone No – 080-25241959/25025331
Fax No – 080-25242916
Email: director[dot]lrde[at]gov[dot]in

The Director
Directorate of Industry Interface & Technology Management (DIITM)
Room No 447, DRDO Bhawan, DRDO HQrs, Rajaji Marg, New Delhi – 110011
Phone: 011-23013209/ 23015291
Fax: 011-23793008
Email: diitm[dot]hqr[at]gov[dot]in

Terms and Conditions

1. **Eoi Closing Date:** Within 21 days from the date of publication on DRDO website.
2. Industries desirous of participating in EOI should be willing to realise one full system on NC-NC basis for demonstration to potential users.
3. **Turnover:** Rs 500 Cr per annum.
4. Industries seeking ToT should have experience in the field of electronics, Electro Optics, electro mechanical system etc.

All Industries interested in seeking ToT are requested to furnish details in the format given in Part-1 & Part-2 below and the list of documents to be attached is provided in Annexure – I. Kindly provide the reference of page no. of supporting document in the relevant field of form.

PART-1

General Information

(Please enclose documents in support of information provided)

1	Name of the Technology requested for Technology Transfer (Technology name and concerned Lab, Category)	
2	Name of the industry/ organization	
3	Complete Address and other details	
	Registered Office State Phone No Fax Email Website	
	Factory	

	State Phone No Fax Email Website	
4	Point of Contact Name Designation Address Mobile No Ph No Email ID	
5	NAME OF CMD/ MD /PARTNERS/ PROPRIETOR/ etc Name Designation Address Mobile No Ph No Email ID	
6	Date of Incorporation of company	
7	Foreign Direct Investment in company (if any in %)	
8	Shareholding pattern	
9	Turn over as per Audited Balance Sheet for the preceding three years. Year _____ Year _____ Year _____	
10	Annual budget for R&D during last three years (if any) Year _____ Year _____ Year _____	
11	Income Tax returns for the preceding three years period Year _____ Year _____ Year _____	
12	Nature of company DPSU, Private Limited, Public Limited, Partnership, Proprietary, Ex- Serviceman Unit	
13	Category of industry Large Scale, Medium Scale, Small Scale, Micro, Startup	
14	MSME Registration No	
15	Certificates of registration as a manufacturing unit, if any.	
16	If Startup, DPIIT Registration No	
17	UDYOG AADHAR No	
18	PAN Number	
19	Details of Industrial license for defence manufacturing issued by DPIIT (if any)	
20	Details of PESO license (if any)	
21	GST Number	
22	Nature of business	

	Manufacturing/ Sole Selling or Authorized Agent/ Assembler/ Traders/ Dealer/ Processor/ Repacker/ Others	
23	Details of current products and services Products and services Supplied (please specify Govt/ Domestic market/ Export)	
24	Record of past performance (e.g., Supply orders executed against of Ministry of Defence orders, Public Sectors and Paramilitary Forces, if any).	
25	Details of registration with NSIC / SSI, DGS&D, other Defence Department, other Govt. Dept, membership of FICCI/ASSOCHAM/CII or other Industrial Association (Attach relevant copies of registration letters)	
26	Have you already taken any technology from DRDO (If yes, give details attaching separate sheet) Name of the Technology, Lab, Year, License number & Status	
27	ISO/ ISI certification or any other certification (If yes, give details)	
28	Relevant clearances form the authorities/ ministries (if any)	
29	Capacity and capability to undertake developmental work and to accept attendant financial and commercial risks.	
30	Capacity/capability to market the product through the marketing network, sales and service network, reliability to maintain confidentiality.	

PART-2

Infrastructure and other Information

1	Total area of factory Covered (m ²), Uncovered (m ²), Bonded space available (m ²)	
2	Ownership of factory Self-owned, partnership, rental	
3	Electric power Sanctioned Installed Standby (if any)	
4	Availability of adequate infrastructure (List of machines and their production capacities) and technical expertise	
5	Name of bank & A/c No Name of bank A/c type A/c no Address of the bank Phone: Email:	

6 Details of current products:

S.No	Type	Description	Licensed/installed capacity	Annual production for preceding 3 years

7 Details of foreign collaboration, if any

S.No	Product	Name and address of collaborator	Year	Remarks

8 Details of products developed for services

S.No	Nomenclature of stores	Order No. and date	Remarks

9 Please give details of important facilities & infrastructure as per following format for:

- Production
- Unconventional, special m/c
- Testing & quality control facilities

S.No	Description of m/c	Make & model	Qty	Date of purchase	Remarks

10 Furnish the following details with relevant certificates and documents

- R&D facilities available :
- Inspection quality control of raw material components :
- Assistance from central agency for testing / calibration etc. :
- laboratory and drawing office facility :

11 Principal customers:

S. No	Name & address	S.O No and date	Date of last supply	Products supplied	Value

12 Future plans (if any) in respect of expansion programme/ installation of additional machines/ test facilities etc.

13 Name of the technology requested for transfer

(give self-assessment of your capability to absorb the technology)

14 Details of employee as on date on firm's pay roll

PERMANENT				
Category	Post Held	Number	Qualification	Total Service
Technical	Prod. Manager Q.C. Manager Supervisor Testing Staff (QC) Skilled workers Unskilled workers, etc			

Administrative	Purchase Manager Accounts Officer Office Superintendent Clerical Others, etc			
----------------	--	--	--	--

TEMPORARY				
Category	Post Held	Number	Qualification	Total Service
Technical	Prod. Manager Q.C. Manager Supervisor Testing Staff (QC) Skilled workers Unskilled workers, etc			
Administrative	Purchase Manager Accounts Officer Office Superintendent Clerical Others, etc			

DECLARATION :

I / we confirm that the information furnished in Part 1 & 2 above is correct. In the event of any information given by me / us is found incorrect / false at any time, I / we understand our EoI for ToT will be cancelled/ rejected without notice, beside any other appropriate action against me / us.

Industry seal

Authorized signatory
Name(s) in capital
Designation and seal of
authorized signatory

List of Supporting Documents to be Attached with EoI

- (a) Memorandum and Articles of Association (Should be incorporated as per Indian Companies Act, as amended time to time)
- (b) Certificates of registration as a manufacturing unit, if any.
- (c) Audited Balance Sheet for the preceding three years.
- (d) Income Tax returns for the preceding three year period
- (e) Details of shareholding/ ownership pattern especially foreign partners/ shareholders, foreign employees, directors, etc. The company must adhere to the prevailing Govt of India policies and regulations on Foreign Direct Investment (FDI)/DIPP norms as applicable.
- (f) Annual budget for R&D during last three years.
- (g) Numbers and details of IPR or patents, etc., held by the company.
- (h) Number of technically or professionally qualified personnel.
- (i) Record of past performance (e.g., Supply orders executed against of Ministry of Defence orders, Public Sectors and Paramilitary Forces, if any).
- (j) Availability of adequate infrastructure (List of machines and their production capacities) and technical expertise.
- (k) List of Testing and Support equipment's
- (l) ISO/ ISI certification or any other certification
- (m) Relevant clearances from the authorities/ ministries (if any)
- (n) Capacity and capability to undertake developmental work and to accept attendant financial and commercial risks.
- (o) Capacity/capability to market the product through the marketing network, sales and service network, reliability to maintain confidentiality.
- (p) PESO and DPIIT license for explosive handling if ToT is for high energy Material, explosives, propellants, and component/ system dealing with it etc.
- (q) Under taking from company seeking ToT that none of its Directors, Independent Directors, non-executive Directors, Key management personnel are involved in any corrupt practices, unfair means and illegal activities.
- (r) Details of the industrial license for defence manufacturing be provided by the industry seeking ToTs.
- (s) Duly filled Application cum Industry Assessment Form (as per **annexure** attached)
