Process Monitoring of Vacuum Assisted Resin Transfer Moulding (VARTM)

VARTM is a composites manufacturing process where resin flows inside the mould under the influence of vacuum. In this process, large and thick composites structures can be manufactured in a single shot. Resin should impregnate the full layup inside the mould to ensure the product quality. It is difficult to ensure that the resin has reached all the parts of the mould if the mould geometry is complex. The difficulty increases manifold if the layup is thick. Hence there is a need to monitor the resin flow inside the mould during the resin infusion process

TECHNICAL DETAILS & SALIENT FEATURES:

R&DE (E), Pune has evolved an optical sensor based process monitoring technique to track resin flow inside the mould. In this technique optical sensors are placed inside the dry layup and online feedback is collected during the resin infusion process. Sensors placement is governed by the complexity of the mould and process requirement. Multiple sensors are placed in a single ply as optical sensor provides point measurement. A measurement setup along with a GUI has been developed. The process monitoring technique is also very important for the sequential injection of resin. Input from process monitoring sensor helps to evaluate exact time to open the resin lines during sequential injection of resin. Hence process monitoring sensors fulfill the dual purpose of tracking of resin flow inside the mould and controlling the resin input lines during the sequential injection.

The process monitoring enables realization of large co-cured composites parts by VARTM process.

1. Interested companies/industries are requested to apply against this Eol to following address:-

To,

The Director Research & Development Establishment (Engineers) DRDO, Govt. of India, Ministry of Defence, Kalas, Alandi Road, Dighi P. O., Pune- 411015, India Phone No: 020-27044002/4012 Email-director.rde@gov.in Fax No: 020-27044009

2. A copy of interest may be sent to the following address without any attachment:-

To,

The Director,

Directorate of Industry Interface & Technology Management (DIITM),

List of Support documents to be attached with Eol

- (a) Memorandum and Articles of Association (Should be incorporated as per Indian Companies Act, as amended time to time)
- (b) Certificates of registration as a manufacturing unit, if any.
- (c) Audited Balance Sheet for the preceding three years.
- (d) Income Tax returns for the preceding three year period
- (e) Details of shareholding/ownership pattern especially foreign partners/ shareholders, foreign employees, directors, etc. The company must adhere to the prevailing Govt of India policies and regulations on Foreign Direct Investment (FDI)/DIPP norms as applicable.
- (f) Annual budget for R&D during last three years.
- (g) Numbers and details of IPR or patents, etc., held by the company.
- (h) Number of technically or professionally qualified personnel.
- (i) Record of past performance (e.g., Supply orders executed against of Ministry of Defence orders, Public Sectors and Paramilitary Forces, if any).
- (j) Availability of adequate infrastructure (List of machines and their production capacities) and technical expertise.
- (k) List of Testing and Support equipment's
- (I) ISO/ ISI certification or any other certification
- (m) Relevant clearances form the authorities/ ministries (if any)
- (n) Capacity and capability to undertake developmental work and to accept attendant financial and commercial risks.
- (o) Capacity/capability to market the product through the marketing network, sales and service network, reliability to maintain confidentiality.
- (p) PESO and DPIIT license for explosive handling if ToT is for high energy Material, explosives, propellants, and component/ system dealing with it etc.
- (q) Under taking form company seeking ToT that none of its Directors, Independent Directors, non-executive Directors, Key management personnel are involved in any corrupt practices, unfair means and illegal activities.
- (r) Details of the industrials license for defence manufacturing be provided by the industry seeking ToTs.
- (s) Application cum Industry Assessment Form
