

CONSOLIDATED EVALUATION CRITERIA

Sl. No	Criteria	Weightage
Design Capabilities (Total 60 Marks)		
1	Proposed Configurations	15
2	Approach to Meet Functionalities	15
3	Indigenous Design Capability in the subject field	15
4	Total No of patents translated into product in the subject field and total No proposed to be utilized for the project	2
5	% proprietary items	3
6	R&D expenditure as % of turnover on Strategic/Defense Systems	2
7	R&D Infrastructure existing related to subject field	3
8	Inter-operability across the Services	3
9	Execution of projects pertaining to critical technology area	2
Fabrication and Manufacturing Capability (Total 25 Marks)		
10	Execution of projects for military users in India and abroad	8
11	Execution of projects for other users in India and abroad	8
12	Components manufactured indigenously relevant to the project	5
13	Indigenous manufacturing capability (plant and machinery) relevant to the project	4
Maintainability & Life Cycle Support (Total 10 Marks)		
14	Proposed methodology for life cycle support	5
15	Indigenous Content (Components and others) in execution of the project	3
16	Plan proposed for executing current project – Adherence to Timelines, Minimization of Slippage, Cost Overruns	2
Commercial Criteria (Total 5 Marks)		
17	Nature of Company (Weightage shall be given to MSMEs and Start-ups)	3
18	Net Profit in last 3 years	1
19	Turnover in last 3 years	1
<ul style="list-style-type: none"> • Minimum Qualification Marks 60 out of 100 for EoI / DPR • In case of Nascent Start-ups, the Incubators shall be treated as Consortium Partner for Evaluation of the DPRs.
