International Conferences on Military Science and Technology (ICMST)

The International Conferences on Military Science & Technology (ICMST) covers upcoming international conferences, seminars, workshops, events, and exhibitions on the topics like Aeronautics, Armaments, Combat Vehicles, Computer Science, Electronics, Life Sciences, Management, Materials Science, Military Science, Missiles, Naval Science and other topics related to DRDO. The ICMST also provides information on S&T Awards & Fellowship programmes.

The information provided in ICMST has been collected and compiled from open sources subscribed by DESIDOC and from the Internet. Limited events have been covered in the document to remain relevant to our objective. We hope this document will be useful to DRDO scientific community.

Published: Monthly

Time period covered in the present issue: Conferences held during June 2019- July 2019

Disclaimer: The information compiled in this booklet have been collected from various internet sources. The publisher disclaim any liability in connection with the use of information in this booklet

Compiled by: DESIDOC

Note: All the conference websites are linked to the respective websites and bookmarks have also been provided for all the conferences on the index page (Online format)

SUBJECT INDEX

Page No.

1. Aeronautics

- 4th International Conference on Engineering Mechanics and Applied Sciences (ICEMAS 2019) 6
- 5th International Postgraduate Conference on Aerospace, Manufacturing and Mechanical Engineering (IPCAMME 2019) 7

2. Chemical Engineering

- Energy Security and Chemical Engineering Congress 9

3. Computer Science

- 2nd RMP International Conference on Information Technology and Computer Science 10
- 3rd International Conference on Computer, Software and Modeling (ICCSM 2019) 10
- 4th International Conference on Signal and Image Processing (ICSIP 2019) 11

4. Electronics

- 3rd International Conference on Circuits, System and Simulation (ICCSS 2019) 13
- 3rd International Conference on Consumer Electronics and Device (ICCED 2019) 14
- 13th IEEE International Conference on Power Electronics and Drive Systems 15

-
- IEEE Computer Society Annual Symposium on VLSI 16

5. Life Science

- 2nd Annual Biotechnology Congress 17
- International Conference on Recent Trends in Engineering, IT, BioTechnology & Agriculture Sciences (RTEIT-JULY-2019) 17
- 2nd European Biotechnology Congress 18
- New Approaches and Concepts in Microbiology 18
- 2nd Annual Congress on Plant science & Biosecurity 19

6. Library Science

- Conceptions of Library and Information Science (CoLIS) 20

7. Management

- 642nd International Conference on Management and Information Technology (ICMIT) 21
- 3rd International Conference on Management and Entrepreneurship (i-CoME) 21
- Eighth International Conference on Cloud Computing and eGovernance 22

8. Materials Science

- 3rd International Conference on Nanotechnology and Materials Science 24

-
- International Conference on Materials and Nanomaterials (MNs-19) 24

9. Mechanical Engineering

- 3rd International Conference on Advanced Technologies in Design, Mechanical and Aeronautical Engineering 26
- 3rd International Conference on Design Engineering and Product Innovation (ICDEPI 2019) 26
- International Conference on Engineering Technology 27

10. Psychology

- European Conference on Psychology & the Behavioral Sciences (ECP2019) 28
- 14th International Conference on Child and Adolescent Psychopathology 28
- 5th International Conference on Education, Psychology and Social Studies 29

- **Feedback Form** 30

Mechanics and Aerodynamics

4th International Conference on Engineering Mechanics and Applied Sciences (ICEMAS 2019)

Date: 2-4 July 2019

Place: Langkawi, Malaysia

Selective topics:

- Heat and mass transfer
- Compressible flows
- Damage identification and non destructive evaluation (NDE)
- Computational and experimental mechanics
- Geomechanics and mechanics of granular materials
- Flows in porous media
- Impact and multibody dynamic-splasticity, fracture, and damage mechanics
- Mechanics of nanomaterials
- Fluid-structure interaction
- Vibrations, acoustics, and noise control
- Manufacturing processes
- Advanced materials and smart structures
- Micro electromechanically systems (MEMS)
- Mechatronics

- Transport phenomena in micro/nanoscale
- Aerodynamics and aeroelasticity
- Computational fluid dynamics (CFD) v turbulence and multi-phase flows
- Biomechanics and biomaterials v surface engineering and contact mechanics
- Heat and mass transfer
- Compressible flows
- Damage identification and non destructive evaluation (NDE)
- Computational and experimental mechanics
- Geomechanics and mechanics of granular materials
- Flows in porous media
- Impact and multibody dynamics
- Nonlinear dynamics, structural dynamics, and control
- Dynamic instability and buckling

Important dates:

Paper submission (Full paper) :

Before November 30, 2018

Notification of acceptance :

On December 10, 2018

Aerospace and Manufacturing

5th International Postgraduate Conference on Aerospace, Manufacturing and Mechanical Engineering (IPCAMME 2019)

Date: 2-4 July 2019

Place: Langkawi, Malaysia

Selective topics:

- Software synthesis for aerospace
- Model-based approaches to software and software-intensive system design
- Compositional and hierarchical design approaches for reducing and managing
- Approaches to building intelligent and adaptive systems within a safety-critical framework
- The generation of code that is correct-by-construction
- The design of maintainable systems
- Software analysis for aerospace
- Verification and validation for

- safety-critical software systems
- Security analysis for aerospace communications,
- Compositional analysis of code for scalability
- Automated testing techniques
- Statistical techniques (including data mining and learning) for program and software
- Behavior analysis
- Aerospace system integration
- Architectures for safety-critical aerospace systems containing software, hardware, and
- Decision-making in air systems, including both autonomy and human factors issues
- Creating and maintaining a skilled workforce for aerospace software
- Manufacturing engineering
- Aerospace engineering
- Aerospace systems and technology
- Aeronautical engineering
- Life cycle design of products
- Design for environment
- Design for manufacturing and assembly
- Concurrent engineering
- Reliability engineering
- Industrial tribology
- Applications of ai techniques in design and manufacturing

- Modeling & optimization of systems and processes
- Automation and robotics
- Non-traditional manufacturing
- Advanced metal forming, welding & casting techniques
- Agile & lean manufacturing
- Logistics and scm
- CAD/CAM/FMS/CIMS
- Reverse engineering, rp/rt
- Micro-machining, nano- technology & smart materials
- Mechatronics, mems, nems
- TAdvanced refrigeration and air conditioning
- Turbo machines and fluid power engineering
- Renewable and non conventional energy sources, energy systems
- Cryogenics
- Computational methods in thermal engineering, optimization methods, CFD

Chemical Engineering

Energy Security and Chemical Engineering Congress

Date: 17-19 July 2019

Place: Penang, Malaysia

Selective topics:

- Engineering technology
- Manufacturing & mechanical engineering
- Advanced material & civil engineering
- Theoretical & experimental fluid flow
- Computational fluid dynamics
- Water science & technology
- Heat & mass transfer
- Biosensor & electrical engineering
- Reaction engineering & catalysis
- Food science & technology
- Pharmaceutical & drug delivery
- Membrane & other separation technology
- Natural products & industrial crops

- Safety & health management
- Corrosion science
- Finite element analysis
- Modelling and simulation

Information Technology

2nd RMP International Conference on Information Technology and Computer Science

Date: 2-3 July 2019

Place: Langkawi, Malaysia

Selective topics:

- Image processing and pattern recognition
- Information retrieval, natural language processing, and ontology
- Software engineering and software development
- Web application and web service
- Computer science and engineering
- Information technology and computer education
- Ict in teaching and learning process
- Impact of ict on learning and achievements
- Specific ict tools used in education
- Building e-learning architectures
- ICT in collaborative learning
- Developing and organizational e-learning strategy
- Developing, integrating, and delivering e-learning

- Data mining, knowledge discovery, and knowledge management
- Artificial neural network, fuzzy systems, and hybrid systems
- Computational intelligence and evolutionary computation
- Data communication, computer network and security & forensic
- Decision support and recommender systems

3rd International Conference on Computer, Software and Modeling (ICCSM 2019)

Date: 14-16 July 2019

Place: Barcelona, Spain

Selective topics:

- Software architectures and design
- Software development and maintenance
- Software project management

- Software testing, diagnosis, and validation
- Software analysis, assessment, and evaluation
- Theory and formal methods
- Design and analysis of algorithms
- Human-computer interaction
- Software processes and workflows
- Reverse engineering and software maintenance
- Aspect-orientation and feature interaction
- Object-oriented technology
- Computer-supported cooperative work
- Agent-based software systems, middleware techniques
- Ai and knowledge based software engineering
- Empirical software engineering and metrics
- Software security, safety and reliability
- Distribution and parallelism, databases
- Software economics, policy and ethics
- Software tools and development environments
- Programming languages and software engineering

- Mobile and ubiquitous computing
- Embedded and real-time software
- Database, data mining, and data warehousing
- Internet and information systems development
- Web-based tools, systems, and environments
- State-of-the-art survey

Signal and Image Processing

4th International Conference on Signal and Image Processing (ICSIP 2019)

Date: 19-21 July 2019

Place: Wuxi, China

Selective topics:

- Mobile databases
 - Multimedia and voip services & technologies
 - Networking protocols, routing, algorithms
 - Network security
 - Optical networks
 - Parallel and distributed architectures and algorithms
 - Reliability and fault-tolerance
 - VLSI for network processing
 - Wireless ad hoc, sensor and bluetooth networks
 - Streamed multimedia applications
 - Algorithms and implementations
 - Image and video processing
 - Error concealment techniques
 - Management of multimedia services
 - Test-beds and trials
 - Multimedia games
 - Communication software techniques
 - Information theory & coding
 - Multimedia communications
 - Optical communications
 - RF and microwave communications
 - Robust space and satellite communications
 - Ultra-wideband communications
 - Wireless communications and technologies
 - Traffic modeling
 - Protocols
 - Embedded internet devices
 - New and enhanced services
 - Resource and information management
 - Adaptive qos provisioning
 - End-to-end qos
 - Emerging technologies
 - Mobile ad hoc networking
 - Personal area networking
 - Convergence of different network types
 - Broadband wireless access
 - Cross layer design
- Important dates:**
Submission Deadline: February 20, 2019

Circuits and Simulation

3rd International Conference on Circuits, System and Simulation (ICCSS 2019)

Date: 20-22 July 2019

Place: Nanjing, China

Selective topics:

- Advanced technologies (nano, mems)
- Analog circuits and signal processing
- Analytical and stochastic modeling techniques and applications
- Assembly and packaging
- Biomedical circuits and systems
- Circuit simulation & modeling
- Computational modeling and simulation in science and engineering
- Computer aided network design
- Design automation
- Device simulation & modeling
- Digital circuits and signal processing
- Digital communications
- High performance computing & simulation
- Information and scientific visualization
- Modeling, simulation and control of technological processes
- Neural network circuits and systems
- Nonlinear circuits and systems
- Photonic and optoelectronic circuits
- Real-time modeling and simulation
- Rf and wireless circuits and systems
- Sensing and sensor networks
- Simulation and modeling in molecular biology
- Simulation application in industry
- Simulation in industry, business and services
- Simulation of complex systems
- Simulation of intelligent systems
- Systems architectures and applications
- Telecommunication and multimedia
- Test and reliability

Important dates:

Consumer Electronics

3rd International Conference on Consumer Electronics and Device (ICCED 2019)

Date: 20-22 July 2019

Place: Nanjing, China

Selective topics:

- Still and video cameras
- Audio systems and technologies
- Video processing and codecs
- Recording, storage compression
- Transcoding
- Content indexing
- Video enhancement
- Interactive video streaming
- Visual quality assessment
- Av system evaluation
- Embedded system
- Embedded os
- Embedded software
- Advanced semiconductors
- Development tools
- High-density mounting
- Wired and Wireless Networks
- Home Gateway
- QoS
- Peer-to-peer
- Interoperability
- Application control
- Interconnects
- Gaming devices and systems
- Internet integration
- Medical IT/ICT
- Wellness devices
- Healthcare application
- Copy and redistribution protection
- Ce and digital content issues
- Data collection
- Biometrics
- Privacy
- Encryption
- Optical storage
- Magnetic storage
- Next-generation storage media
- Semiconductor
- Storage technology
- Cloud media
- Interactive media
- Ce and cloud computing
- Antennas
- Acquisition
- Equalization
- Spectrum usage
- Software radio

- Wireless lan
- IEEE 802.11 standards
- Bluetooth
- RFID
- WPAN
- Wireless power transmission

Power Electronics

13th IEEE International Conference on Power Electronics and Drive Systems

Date: 9-12 July 2019

Place: Toulouse, France

Selective topics:

- Power semiconductors
- Power integrated circuits (pic) passive components and packaging technologies
- Wide bandgap semiconductor

- technologies
- Motor drives and motion control
- Analysis and design of electrical machines
- Hard-switching and soft-switching static
- Power converters and UPS
- Applications of power electronics in power system
- Power quality issues, harmonic problems and solutions
- EMI/EMC issues
- Traction and automotive systems
- Applications of power electronics in home appliance, industry and aerospace
- Renewable energy technologies
- Modelling and simulation in power electronics
- Power electronics related education/professional development
- Bio-medical power electronics
- Telecommunications power supplies
- Micro-electromechanical systems (MEMS)

Circuits, RF and Signals

IEEE Computer Society Annual Symposium on VLSI

Date: 15-17 July 2019

Place: Miami, Florida, U.S.A.

Selective topics:

- Circuits reliability, and fault-tolerance
- Analog/mixed-signal circuits design and testing
- RF and communication circuits
- Design for testability and reliability adaptive circuits
- Digital circuits and fpga based designs (DCF)
- Digital circuits
- Chaos/neural/fuzzy-logic circuits
- High-speed/low-power circuits
- Energy efficient circuits, near and sub-threshold circuits

- Emerging and post-CMOS technologies (EPT)
- Nanotechnology, molecular electronics
- Quantum devices
- Optical computing
- Spin-based computing
- Biologically-inspired computing
- Vlsi for applied and future computing (AFC)
- Neuromorphic and brain-inspired computing
- Quantum computing
- Circuits and architectures for machine learning and artificial intelligence

Important dates:

Paper Submission Deadline:
February 17, 2019

Biotechnology

2nd Annual Biotechnology Congress

Date: 29-30 July 2019

Place: Chicago, Illinois, USA

Selective topics:

- Agricultural biotechnology
- Animal biotechnology
- Biomass and bioenergy
- Bioprocess and fermentation technology
- Bioscience
- Biomaterials and bioinformatics
- Cell science and cell biology
- Crispr & genetic engineering
- Environment biotechnology
- Food and enzyme technology
- Industrial and microbial biotechnology
- Marine biotechnology
- Molecular diagnostics
- Nanobiotechnology
- Pharmaceutical biotechnology

International Conference on Recent Trends in Engineering, IT, BioTechnology & Agriculture Sciences (RTEIT-JULY-2019)

Date: 27-28 July 2019

Place: Taipei, Taiwan

Selective topics:

- Advanced biochemistry
- Biomedical polymers
- Biomedical ultrasonics
- Clinical gait analysis : theory application
- Mathematics for biomedical engineering
- Medical devices quality system
- Medical ethics
- Medical microsensor
- Physical stimulation on cell and tissue
- Physiological magnetic resonance imaging
- Radiation physics for medicine and biology
- Solid biomechanics
- Advances in biological, physical and chemical processes
- Aesthetic quality of drinking water (taste, odors)

- Air emission trading
- Air pollution and control
- Atmospheric physics
- Biodegradation of hazardous substances
- Clean technologies
- Climate and climatic changes
- Control technologies
- Deforestation
- Geophysics
- Nutrients removal

2nd European Biotechnology Congress

Date: 18-19 July 2019

Place: Zurich, Switzerland

Selective topics:

- Biotechnology
- Molecular biology and genetic

- engineering biotechnology
- Medicine and forensic biotechnology
- Environmental biotechnology
- Nano biotechnology
- Animal biotechnology
- Plant biotechnology
- Microbial and industrial biotechnology
- Bioinformatics
- Stem cell biotechnology
- Food biotechnology
- Marine biotechnology

Microbiology

New Approaches and Concepts in Microbiology

Date: 10-13 July 2019

Place: Heidelberg, Germany

Selective topics:

- Bacterial systems biology
- Cell biology & protein machineries
- Regulation, signalling & transcriptional networks

- Pathogenesis & infection
- Antibiotic action-resistance-persistence
- Microbial communities / microbiotas / symbiosis
- Evolution & ecology

Important dates:

Plant Sciences

2nd Annual Congress on Plant science & Biosecurity

Date: 11-13 July 2019

Place: London, UK

Selective topics:

- Plant biosecurity and risk analysis horticulture and agricultural engineering systems
- Synthetic, and computational plant biology
- Plant biotechnology
- Molecular plant breeding

- Plant genetics and molecular evolution
- Plant ecology and evolution plant nutrition
- Plant-animal and plant-microbe interactions
- Plant physiology and biochemistry plant cell and developmental biology plant pathology crop protection plants and climate change- overcoming measures
- Plant soil microbiomes
- Paleobotany
- Plant phenome robotics and remote sensing in agriculture
- Current trends in plant science medicinal plants and applications

Important dates:

Information Systems and Retrieval

Conceptions of Library and Information Science (CoLIS)

Date: 16-19 June 2019

Place: Ljubljana, Slovenia

Selective topics:

- Knowledge organization
- Knowledge management
- Library studies
- Information architecture
- Information behavior
- Information literacy and related literacies
- Interactive information retrieval
- Information systems
- Scholarly communication
- Bibliometrics, scientometrics, webometrics

- Interaction design and user experience
- Archival studies
- History and philosophy of information

Important dates:

Management and CSR

642nd International Conference on Management and Information Technology (ICMIT)

Date: 18-19 July 2019

Place: Manchester, UK

Selective topics:

- Intellectual property
 - Brands and branding
 - Finance, economics and hedge funds
 - Insurance and takaful
 - Managing risk, corporate social responsibility
 - Accounting, banking control & supervision
 - Internet banking and emerging markets
 - E-commerce and entrepreneurship
 - Sustainable development
 - Technology transfer and management
 - Supply chain management
 - Networking and outsourcing
 - Marketing and market entry
 - Human capital, creativity & innovation
 - Disaster management
 - Venture capital and private equity
- Leadership, total quality control in business
 - Hospitality management
 - New product development
 - Corporate valuation and ipos
 - Environmental protection & public policy
 - Computational intelligence and evolutionary computation
 - Data communication, computer network and security & forensic
 - Decision support and recommend-er systems
 - Data mining, knowledge discovery, and knowledge management

3rd International Conference on Management and Entrepreneurship (i-CoME)

Date: 25-27 July 2019

Place: Phuket, Thailand

Selective topics:

- Entrepreneurship and Innovation in a Global Context
- Entrepreneurship

- Knowledge management
- E-commerce and e-business
- Sharing economy business model
- Corporate finance and governance
- Supply chain management
- Operation and production management
- Knowledge management
- E-commerce and e-business
- Sharing economy business model

Management and Governance

Eighth International Conference on Cloud Computing and eGovernance

Date: 25-26 July 2019

Place: London, United Kingdom

Selective topics:

- Access and accessibility
- Accountability frameworks
- Adaptive policy
- Benefit management
- Big data
- Big data analytics
- Business process integration
- Business process reengineering
- Changes in hiring patterns of government workers
- Chief data officer positions
- Citizen co-creation
- Cloud business
- Collaborative government
- Comparative research
- Connected governance
- Contract management
- Crowd sourcing
- Crowdsourcing in digital governance
- Human resource management
- ICT against exploitation and marginalization
- ICT-enabled pursuit of social missions
- Identity management
- Impact of open government data
- Increasing transparency through ICT

- Information sharing
- Interoperability
- Intertwining of virtual work and teams in government
- Knowledge management in government
- Knowledge retention
- Managing social tensions with ict
- Medication assistance
- Mobile government
- Mobile public services
- Modeling life settings and life scenarios
- Monitoring of chronic diseases

- New forms of collaboration within government functions and with citizens
- Management related topics

Nanomaterials

3rd International Conference on Nanotechnology and Materials Science

Date: 22-24 July 2019

Date: Rome, Italy

Selective topics:

- Nanotechnology
- Nano materials
- Nano composites and multi-functional materials
- Graphene and 2d materials
- Nano photonics and optics
- Robotics and mechatronics
- Risks and regulation of nanotechnology
- Applications of nanotechnology
- Materials science and engineering
- Biomaterials and medical devices
- Polymer science and technology
- Electronic, optical and magnetic materials
- Emerging smart materials
- Materials for energy and environmental sustainability
- Carbon nanomaterials, devices and technologies
- Next generation materials and technologies
- Advances in polymer science

- Developing trends in polymer chemistry
- Process modelling, simulation, optimization and control
- Kinetics, thermodynamics, and multi-scale modelling
- Production issues of polymerization processes
- Micro technology
- Microfluidics
- Lab on a chip devices

International Conference on Materials and Nanomaterials (MNs-19)

Date: 17-19 July 2019

Place: Paris, France

Selective topics:

- Synthesis and Characterization of Nanomaterials
- Properties of Nanoscale Materials
- Nanoelectronics and Spintronics
- Organic and Inorganic Nanocomposites
- Polymer Nanotechnology
- Molecular Nanoscience and Nanotechnology
- Biomaterials and Nanobiotechnology
- Nanomaterials in Food, Agriculture and Water
- Nanotechnology for Energy and Environment
- Nanophysics, Nano-optics, Nanophotonics and Nanoplasmonics
- Materials in Industry
- Ceramics and glasses
- Composite materials
- Polymers
- Metal Alloys
- Paper and Wood

- Textiles
- Electronic, Optical and Magnetic Materials
- Construction materials
- Green Materials
- Green Manufacturing and Sustainability
- Recycled materials
- New construction materials
- Processing and Product Manufacturing
- New Manufacturing and Sustainability
- Surface Modifications
- Coating and Films
- Materials: Characterization

Manufacturing and Designing

3rd International Conference on Advanced Technologies in Design, Mechanical and Aeronautical Engineering

Date: 5-7 July 2019

Place: Shanghai, China

Selective topics:

- Energy technology and clean energy
- Power engineering
- Thermal fluids
- Applied mechanics
- Advanced manufacturing and advanced materials
- Micro/nano technologies
- Robotics
- Mechatronics
- Mechanical design
- Engine related turbulence and combustion
- Hypersonic vehicle flow
- Aircraft structures and materials
- Aircraft dynamics and control
- General mechanics and multi-body dynamics
- Computational fluid mechanics
- Aerodynamic acoustics and low noise aircraft design

(Accessed on: 24 October 2018)

3rd International Conference on Design Engineering and Product Innovation (ICDEPI 2019)

Date: 5-7 July 2019

Place: Shanghai, China

Selective topics:

- Design processes
- Design theory and research methodology
- Design organization and management
- Product, service and systems design
- Design information and knowledge
- Human behavior in design
- Design education
- Design methods and tools
- Machinery and machine design
- Manufacturing and production processes
- New product development
- Managing collaborative innovation
- Industrial, mechanical, systems science and engineering
- Innovation
- Science and Engineering

- Product Development and Design
- Product Process Design and Management
- Product Quality Management
- Intelligent Product

Tools and Machining

International Conference on Engineering Technology

Date: 6-7 July 2019

Place: Kemaman, Terengganu, Malaysia

Selective topics:

- Moulds and dies manufacturing
- Sheet metal spring back
- Sheet metal forming
- Surface engineering
- Advancements in traditional machining fabrication processes
- Cad/cam
- Precision and micro machining
- Multi-tasking machine
- Machining hard materials
- Non-traditional machining
- Rapid prototyping and tooling
- Reverse engineering

- Mass customization
- Advanced materials
- Modeling, simulation & optimization of manufacturing processes
- Intelligent manufacturing systems
- Applications of ai techniques in manufacturing
- Material resource planning (MRP)
- Scheduling, logistics & supply chain management
- Predictive maintenance
- Artificial intelligence (AI) and expert systems
- E-manufacturing

Important dates:

Abstract Submission: 30 November 2018

Notification of Acceptance: 30 December 2018

Full Paper Submission: 30 January 2019

Full Paper Acceptance Notification: 30 March 2019

Psychology and Behavioral Sciences

European Conference on Psychology & the Behavioral Sciences (ECP2019)

Date: 5-6 July 2019

Place: Brighton, United Kingdom

Selective topics:

- General psychology
- Psychology and education
- Mental health
- Neuroscience
- Linguistics, language & psychology/behavioural science
- Industrial organisation and organisation theory
- Community development
- Qualitative/quantitative research in any other area of psychology

Important dates:

Early Bird Abstract Submission

Deadline: February 22, 2019

Final Abstract Submission

Deadline: April 23, 2019

Psychopathology

14th International Conference on Child and Adolescent Psychopathology

Date: 22-24 July 2019

Place: London, United Kingdom

Selective topics:

- Anxiety disorders
- Depression
- Attention deficit hyperactivity disorder
- Conduct and oppositional defiant disorder
- Autism spectrum disorders
- Intellectual disability and mental retardation
- Trauma- and stressor-related disorders
- Cognitive behavioural therapy, family therapy
- Dialectical behavior therapy
- Culture and mental health
- Culture bound disorders
- Mental health literacy
- Stress regulation
- Brain and behaviour
- Genetic and epigenetics

- Psychobiology

Important dates:

31st January 2019: Submission deadline for Abstracts

Notification of acceptance: 7th February 2019

Education and Psychology

5th International Conference on Education, Psychology and Social Studies

Date: 16-18 July 2019

Place: Hokkaido, Japan

Selective topics:

- General psychology
- Experimental psychology

- Cultural psychology
- Developmental psychology
- Educational psychology
- School psychology
- Physiological psychology
- Health psychology
- Environmental psychology
- Personality and social psychology
- Mental diseases and psychotherapy
- Consulting psychology
- Psychology and counseling
- Adult and continuing education
- Educational theory
- Education policy
- Civic education and leadership
- Special education

Feedback Form

The objective of publishing this booklet on International Conferences on Military Science and Technology is to make scientists aware of various International conferences being held world wide in the areas of their interest. This feedback form will help us to understand the interest of the scientists and improve the services further.

1. How do you rate the content of ICMST?

Excellent Good Can be improved

2. How do you rate the subjects covered? (Please suggest)

Excellent Good Can be improved

3. Which of the following need improvement in ICMST service?

Front design Layout Coverage Language

4. In which format/media you prefer to read the ICMST?

Print DRDO website Online PDF

5. What else would you like to be included in the booklet?

6. Please provide your suggestions/comments in the space below on any other aspect relevant to this booklet :

Designation:

- First issue published in 2016, *Defence Life Science Journal* is a peer-reviewed, quarterly research journal.
- Published in the months of Jan., April, July, and Oct. every year.
- Editorial Board is represented by eminent academicians, scientists from India and Abroad
- Publishes research articles in the disciplines of biotechnology, bio-medicine, bio-engineering, bio-electronics, non-invasive life imaging, pharmacology and toxicology, physiology, NBC warfare, food technology, and psychology.

Previous Special Issues of DLSJ

- 2018 :** Extreme Environment: Occupational Challenges and Interventions, 3(3); Cold Arid Agro-Animal Technologies, 3(2)
- 2017 :** Bioengineering and Bio-medical Technologies, 2(4); Biological Radioprotection, 2(3); Food Sciences 2(2)

Forthcoming Special Issues of DLSJ

- Bio-energy and Bio-fuel
- Personal Selection and Organisational Behaviour
- High Altitude and Occupational Health
